Inside Ocean Hill Brownsville Charles S. Isaacs, 2014-05-09 The story of an Ocean Hill Brownsville teacher who crossed picket lines during the racially charged New York City teachers strike of 1968 In 1968 the conflict that erupted over community control of the New York City public schools was centered in the black and Puerto Rican community of Ocean Hill Brownsville It triggered what remains the longest teachers strike in US history That clash between the city's communities of color and the white predominantly Jewish teachers union paralyzed the nation's largest school system undermined the city's economy and heightened racial tensions ultimately transforming the national conversation about race relations At age twenty two when the strike was imminent Charles S. Isaacs abandoned his full scholarship to a prestigious law school to teach mathematics in Ocean Hill Brownsville Despite his Jewish background and pro union leanings Isaacs crossed picket lines manned by teachers who looked like him and took the side of parents and children who did not He now tells the story of this conflict not only from inside the experimental community controlled Ocean Hill Brownsville district its focal point but from within ground zero itself Junior High School 271 which became the nation's

most famous or infamous public school Isaacs brings to life the innovative teaching practices that community control made possible and the relationships that developed in the district among its white teachers and its black and Puerto Rican parents teachers and community activists Inside Ocean Hill Brownsville is one of the finest accounts of this turbulent time in America's educational history As a firsthand analysis of a teacher embroiled in the Ocean Hill Brownsville community fight for educational justice it has no peer From its vantage point forty five years after the conflict we finally have a corrective to a plethora of secondhand analyses that have been written over the years It is a candid picture that I recommend highly Maurice R Berube coeditor of Confrontation at Ocean Hill Brownsville Inside Ocean Hill Brownsville makes a vital contribution to a much needed reinterpretation of the epochal struggles over community control of the New York City public schools in the 1960s and the divisive UFT fall 1968 strikes in opposition to that community based movement Writing from the firsthand perspective of a young Jewish math teacher at JHS 271 Isaacs brings this important story vividly to life with insight candor and humor He evokes the attitudes and actions of a rich array of ordinary teachers administrators students and parents who fought to defend the community control experiment in the face of the lies and distortions perpetrated by UFT officials and the mainstream press A must read for anyone interested in creating successful public schools this book helps us remember what democratic public education might look like Stephen Brier The Graduate Center City University of New York Charles Isaacs's Inside Ocean Hill Brownsville is a firsthand account of the dramatic events of New York City's greatest school crisis Isaacs debunks many of the popular myths of black militants waging assaults on teachers Instead he demonstrates that the episode in Ocean Hill Brownsville was a case of black and Latino parents with the support of a number of teachers at JHS 271 struggling for the education of their children and for a more democratically run educational system These parents faced one of the most powerful unions in the city and a bureaucratic board of education that wanted to protect the status quo There have been many books written on the 1968 teachers strike but Isaacs's well written detailed account is by far the best Clarence Taylor author of Knocking at Our Own Door Milton A Galamison and the Struggle to Integrate New York City Schools

Between Mission and Market Daniel Rosenberg, 2017-04-26 Between Mission and Market The Freshman Year in a Corporate Age focuses on the arrival of college freshmen at the moment of the transformation it uses Adelphi University in suburban New York City to study an attempt to resolve first year difficulties As higher education institutions turn into enterprises run on business models the pressures of getting into college including the taking of the SAT and ACT have induced stress addictions eating disorders drug use and mental problems However special programs to ease the first year transition through counseling and support are run as cheaply as possible This book confronts some of the cardinal controversies in higher education particularly those affecting first year students high stakes testing in general particularly the SAT the intensification of student debt and the financial sentence imposed upon all who incur it and the dramatic pressures placed upon freshmen as they transition to college

Social Development Ross D. Parke, Glenn I.

Roisman, Amanda J. Rose, 2019-03-26 *Social Development* provides a comprehensive introduction to the multiple factors that shape a child's behavior, interaction with others, feelings about themselves, and how and why behaviors change over time. Delving into the biological, cognitive, and perceptual aspects of development and their influence on behavior, socialization, and self-image, this text also recognizes the significance of cultural and societal distinctions by emphasizing the value of context and identifying cultural variation's role in social development. Special pedagogical features in each chapter enhance the learning experience and promote student understanding. Counterintuitive examples, cases, and challenges to reader assumptions are covered. Extreme cases tell the story behind historical advancements and profiles of current leaders in the field highlight the many paths to a career in social development. With a focus on real-world application coupled with coverage of cutting-edge methodologies and the latest research findings, this book gives students a strong, highly relevant foundation in core concepts and practices central to the study of social development.

Islam, Peace and Social Justice A Christian van Gorder, 2014-05-29 *Islam, Peace and Social Justice* examines the ways in which Islamic cultures have dealt with issues of social justice historically and culturally. With unwavering objectivity, the author helps readers of any faith to gain a nuanced and accurate understanding of the challenges that we face in contemporary, multi-faith engagements. Dr. van Gorder offers a comprehensive and sympathetic Christian insight into Islam. The contentious issues of social justice that are encountered in this broad yet intricate study include the concept of Jihad, poverty, political oppression, human rights, genocide, racism, sexual injustice, homophobia, and environmental degradation. The challenges are real, and the problems are vast. Partnerships and solutions must be found. People of faith—Muslim, Jewish, and Christian—must find ways to work together to address these shared challenges. This work exposes misrepresentations and stereotypes about Islamic views of social justice that abound in Europe and North America. The author encourages a deeper appreciation of how themes of social justice resound through Islamic texts and have been expressed both in the contemporary and historical life of various and diverse Islamic communities worldwide.

Among the Living and the Dead Inara Verzemnieks, 2018-04-05 A powerfully told memoir of family separation and the things left unsaid in the wake of the Second World War. Raised by her grandparents in the USA, Inara Verzemnieks grew up among expatriates scattering smuggled Latvian sand over the coffins of the dead, singing folk songs about a land she had never visited. Her grandmother, Livija's stories recalled the remote village in Latvia left behind where she and her sister Ausma were separated during the Second World War. They would not see each other again for more than fifty years. Coming to know Ausma and the trauma of her exile to Siberia under Stalin, Inara pieces together her grandmother's survival through the years as a refugee and her grandfather's own troubling history as a conscript in the Nazi forces. As she interweaves two parts of the family story in spellbinding, lyrical prose, she offers us a profound and cathartic account of loss and survival, resilience, and love. Inara Verzemnieks teaches creative non-fiction at the University of Iowa. She has won a Pushcart Prize and a Rona Jaffe Writer's Award and has been a finalist for the Pulitzer Prize in feature writing. She lives in

Munene, 2018-02-15 Contextualizing and Organizing Contingent Faculty Reclaiming Academic Labor in Universities seeks to develop a counterculture that eschews the neoliberal ideology and interlocking market values in higher education More than merely lamenting the disruptive effects of these marketplace values in higher education institutions it develops both theoretical insights and practical organizing strategies pertinent to challenging new academic capitalist values and behaviors Contributors local and international present cases from various institutions to illuminate how national trends concerning contingent faculty are articulated implemented and challenged at the local level They present organizing strategies which are analyzed from an interdisciplinary perspective providing a thorough and comprehensive view of the contingent labor movement This book will provide useful lessons to a broad array of audiences in universities labor movements and national and local governments **Culturally Responsive and Sustaining Science Teaching** Elaine V. Howes, Jamie Wallace, 2024-04-18 How can research into culturally responsive and sustaining education CRSE inform and transform science teaching and learning What approaches might teachers use to study CRSE in their classrooms What are teachers learning from their research that might be transferable to other classrooms and schools In this practical resource teacher researchers from the Culturally Responsive and Sustaining Education Professional Learning Group based in New York City provide insights for educators on how to address complex educational and sociocultural issues in the science classroom Highlighting wide ranging and complex problems such as the COVID 19 pandemic and racial injustice and how they affect individual science instruction settings with a particular focus on urban and high need school environments chapters examine and describe what CRSE is and means for science teaching Through individual and collaborative research studies chapters help readers understand various approaches to developing and implementing CRSE strategies in their classrooms and promote students identification with and affinity for science Teachers describe the questions driving their investigations data and findings and reflect on their roles as agents of change Chapters also feature discussion and reflection questions and include examples of assignments protocols and student work that teachers have piloted in their classes This book is ideal for pre service and in service science teachers and teacher educators across grade levels It provides support for professional learning activities as well as undergraduate and graduate teacher education courses It may be particularly useful in science methods multicultural education and diversity equity and inclusion courses with a focus on CRSE This book not only defines one group s approach to CRSE in science education but also takes the next step to show how CRSE can be applied directly to the science classroom *The Campus Rape Frenzy* KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation s institutions of higher learning as awash in a violent crime wave and to

suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation s all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation s universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination

Suspended For Life C. Twiggy Billue, 2014-07-16

SUSPENDED FOR LIFE takes an empirical look via real experiences at how Zero Tolerance Policies contained in the schools Code of Conduct disregards the rights of the student especially students with disabilities These policies are failing students everywhere including my residence of Syracuse New York Statistically these unfair and biased Zero Tolerance Policies have led to very high suspension rates affecting mainly inner city students but overwhelmingly target students with IEPs 504 Accommodations the untested but suspected LD student and the intellectually gifted student Healthcare Mental Health and Medical Privacy HIPPA now play large roles in school especially in decisions to suspend a student however coupled with a school districts Code of Conduct they have become a crucial aspect for suspension Once you understand the link between a referral to In School Suspension ISS warehousing students or a referral for Out of School Suspension OSS push out of students you will realize that in most cases suspension can lead directly to the prison industrial complex for our young women and men Stopping this from happening to your student may depend on how well you are prepared to advocate for your child We must not allow suspension to push out our children because ostensibly it may be ensuring them a life sentence of unemployment crime or even death We say it starts at home with the parents so if we can better understand our student s rights and the rights we have as parents we can better prepare ourselves to advocate for our student and to hold the school
