

Worksheet #2 – Classification of Matter II Answers

Name: _____

Period: _____

Part A: Classification of Matters

1. Fill in the Blanks

A(n) element is a pure substance that is made of only one kind of atom.

The symbol for a(n) element is always one or two letters. When the symbol contains two letters, the first letter is always capitalized and the second letter is always small letter.

A(n) compound is a pure substance containing two or more elements that are chemically combined. A(n) compound is represented by a chemical formula. The elements in a(n) compound always combine in definite proportions.

A(n) mixture is made of two or more substances that are physically combined. A(n) mixture that is uniformly mixed is called homogeneous mixture.

A special name for this is a(n) solution. A(n) mixture that is not uniformly mixed is called heterogeneous mixture. A special type of mixture that is a solid solution of two or more metals is called a(n) alloy.

optical fiber communication question answers - Apr 29 2023

web optical fiber communication question answers may 26 2021 by watelectronics this article lists 150 optical fiber communication mcqs for engineering students all the optical fiber communication questions answers given below include a solution and link wherever possible to the relevant topic

unit i introduction sietk - Jan 27 2023

web e list out any two the merits and demerits of optical fiber communication l1 co1 2m 2 explain the elements of optical communication system with neat sketch l2 co1 10m 3 2 a explain about the evolution of optical fiber systems l2 co1 4m b illustrate on reflection and refraction with neat sketch l2 co1 6m 4 3

optical communications questions and answers sanfoundry - Aug 22 2022

web this set of optical communications multiple choice questions answers mcqs focuses on optical sources laser basics 1 a device which converts electrical energy in the form of a current into optical energy is called as a optical source b optical coupler

optical fiber communication test questions set 1 careerride - Feb 13 2022

web test set 1 optical fiber communication this test comprises 35 questions ideal for students preparing for semester exams gate ies psus net set jrf upsc and other entrance exams the test carries questions on fundamentals of optical fiber communication optical fibers optical fiber fabrication signal degradation in

optical communication question bank study guides projects - May 31 2023

web 9 what is internal reflection when light is travelling in a certain medium is reflected off an less optical dense material the process is referred to as internal reflection 10 explain guided mode guided mode is a pattern of electric and magnet field distributions that is repeated along the fiber at equal intervals 11

optical communication its history and recent progress - Jun 19 2022

web dec 14 2016 this chapter begins with a brief history of optical communication before describing the main components of a modern optical communication system specific attention is paid to the development of low loss optical fibers as they played an essential role after 1975 the

pdf ec2402 optical communication and networking two marks questions - Jul 21 2022

web optical fiber is one of the most important communications media in communication system due to its versatile advantages and negligible transmission loss it is used in high speed data transmission although optical fiber communication has a lot of advantages dispersion is the main performance limiting factor

optical communication wikipedia - Dec 26 2022

web visual forms visual techniques such as smoke signals beacon fires hydraulic telegraphs ship flags and semaphore lines were the earliest forms of optical communication 1 2 3 4 hydraulic telegraph semaphores date back to the 4th century bce greece

optical communication mcqs test your knowledge on fiber optics - Oct 24 2022

web about optical communication optical communication is the transmission of information from one place to another using light it is a form of communication technology that uses light to transmit data through optical fibers such as fiber optic cables

it is used in many applications including telecommunications computer networking and cable

ec6702 optical communication and networks question - Sep 03 2023

web ec6702 optical communication and networks question bank unit i introduction part a 1 write short notes on ray optics theory 2 what are the advantages and disadvantages of the ray optics 3 what is meant by refractive index of the material 4 what is the energy of the single photon of the light whose λ 1550 nm in

optical communication mcq multiple choice questions - Oct 04 2023

web optical communication mcq multiple choice questions 1 optical fiber waveguides the section contains multiple choice questions and answers on ray theory electromagnetic 2 transmission characteristics of optical fibers the section contains questions and answers on material absorption and 3

optical fiber mcq free pdf objective question answer for optical - May 19 2022

web aug 24 2023 optical fiber question 1 in which of the following are the optical fibers commonly used communication electrical transformers musical instruments nuclear reactors rocket technology answer detailed solution below option 1 communication india s super teachers for all govt exams under one roof free demo classes

optical communications questions and answers sanfoundry - Nov 24 2022

web optical communications questions and answers electromagnetic mode theory for optical propagation 1 which equations are best suited for the study of electromagnetic wave propagation a maxwell s equations b 2 when λ is the optical wavelength in vacuum k is given by $k = \frac{2\pi}{\lambda}$ what does k stand

optical communication mcq free pdf objective question - Aug 02 2023

web aug 4 2023 optical communication question 9 detailed solution in single mode light takes a single path through the fiber core the fundamental parameter of a single mode fiber are core and cladding diameter step index means sharp step in the index of refraction between core and cladding interface this

optical communications questions and answers sanfoundry - Sep 22 2022

web this set of optical communications interview questions and answers for experienced people focuses on stability of the fiber transmission characteristics 1 results from small lateral forces exerted on the fiber during the cabling process

102 questions with answers in optical communication - Mar 29 2023

web sep 27 2023 1 2 farhad vedad asked a question related to optical communication deformation of the shadows when intersect question 12 answers sep 25 2023 the shadows of two objects undergo peculiar
