2015 University Intake In Kenya:

Transformation of Higher Education and Training in Kenya to Secure Kenya's Development in the Knowledge Economy Kenya. Public Universities Inspection Board, 2006 **Research Anthology on Measuring and Achieving Sustainable Development Goals** Management Association, Information Resources, 2021-12-30 The Sustainable Development Goals are an ongoing focus around the world as the needs of people and society continue to evolve at a rapid pace The need for a more sustainable future has never been more pressing as issues such as climate change natural disasters and overpopulation present unique difficulties for the decision makers of the world In order for them to make the best decisions regarding current priorities and strategies up to date and detailed research regarding where we currently are as a society where we want to be and the many challenges that stand in the way is crucial The Research Anthology on Measuring and Achieving Sustainable Development Goals is a comprehensive assessment of the current innovative research and discussions on the challenges to achieving the UN s Sustainable Development Goals and the measures that have already been put in place to achieve them Covering topics such as green consumer behavior and peace promotion this book is vital for academicians scientists researchers students postdoctoral students specialists practitioners businesses governmental institutions decision makers environmentalists and policymakers **Negotiating Identities in Contemporary Africa** Toyin Falola, Emmanuel M. Mbah, 2023-08-29 Negotiating Identities in Contemporary Africa Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women s career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa **Gender and Practice** Vasilikie (Vicky) Demos, Marcia Texler Segal, Kristy E. Kelly, 2019-09-30 In Gender and Practice Insights from the Field twelve chapters contribute to the creation of an accessible body of knowledge that looks to provide gender practitioners with examples of what works and what doesn t in the attainment of gender equality The Role of African Universities in the Attainment of the Millennium Development Goals , 2006 **Kenya Yearbook** , 2019 *Multicultural Education in an Age of Globalization* Chinaka S. DomNwachukwu, 2019-05-13 Multicultural Education in an Age of Globalization Compelling Issues for Engagement starts out with a discussion of western colonization of the 19th and 20th centuries and the residual effects of colonialism in the forms of colonial mindset of power dominance and white racial superiority that have continued to challenge the hopes of a peaceful and more harmonious exchange and interaction in the 21st century global communities

Issues such as white privilege and cultural humility are discussed in depth. Subsequently the idea of globalization and the concept of global citizenship are also addressed in light of their implications for multicultural education curriculum and practice in the 21st century classrooms. The book identifies and discusses compelling issues that must be carefully addressed as we undertake multicultural education in the 21st century educational setting whether in the K 12 or higher education setting. Such issues include Affirmative Action, Gender Equity issues, Religion in the public school setting and the problem of Poverty in the 21st century societies.

This inequality of opportunity is undermining progress towards achieving Education for All by 2015. This report addresses the questions: Who are these individuals and groups? What are the obstacles they face? How can governance policies help break the cycle of disadvantage and poverty? What policies work? Is education reform integrated into the bigger picture? Is the international community making good on its commitments?
