Alive Piers Paul Study Guide:

Synchronicity: One Man's Experience Aaron Garrison, 2013-10-06 He first noticed the coincidences sometime in 2007 Small trifling things really involving certain repeat numbers but they didn't stop and they refused to be ignored As it turned out he wasn't alone Other people were seeing the numbers The coincidences even had a name synchronicity Meet Aaron Garrison an ordinary man who found himself at the center of this strange cyclone You probably don't know him nor should you have reason to But he has a story to tell a tale too big for words A work of non-fiction the book follows Garrison's adventures in the global phenomenon known as synchronicity including his six year long experiment and its results Join Garrison for a mind expanding journey starting with the smallest coincidences and ending at the biggest possibilities with stopovers in the miraculous and the hilarious See synchronicity put into living terms through one man's humble experience

No Sense of Place Joshua Meyrowitz, 1986-12-11 How have changes in media affected our everyday experience behavior and sense of identity Such questions have generated endless arguments and speculations but no thinker has addressed the issue with such force and originality as Joshua Meyrowitz in *No Sense of Place* Advancing a daring and sophisticated theory Meyrowitz shows how television and other electronic media have created new social situations that are no longer shaped by where we are or who is with us While other media experts have limited the debate to message content Meyrowitz focuses on the ways in which changes in media rearrange who knows what about whom and who knows what compared to whom making it impossible for us to behave with each other in traditional ways *No Sense of Place* explains how the electronic landscape has encouraged the development of More adultlike children and more childlike adults More career oriented women and more family oriented men and Leaders who try to act more like the person next door and real neighbors who want to have a greater say in local national and international affairs The dramatic changes fostered by electronic media notes Meyrowitz are neither entirely good nor entirely bad In some ways we are returning to older pre literate forms of social behavior becoming hunters and gatherers of an information age In other ways we are rushing forward into a new social world New media have helped to liberate many people from restrictive place defined roles but the resulting heightened expectations have also led to new social tensions and frustrations Once taken for granted behaviors are now subject to constant debate and negotiation The book richly explicates the quadruple pun in its title Changes in media transform how we sense information and how we make sense of our physical and social places in the world
