Ebook Investing:

Trading & Investing 2-in-1 Ebook Bundle Alan Kerrman, 2016-07-21 Investing Trading Bundle Welcome to the volatile stock futures options commodities and forex markets Not long ago I wrote a couple short books on my personal individual investor approach to investing Investing in DRIPs and Trading Options on Tech Stocks These two books are bundled here together specifically because I think these cover the two best ways to approach trading and investing But it wasn't exactly an accident My wife recently rolled out her 401k funds from a former employer's control into her own self-directed account She asked me what course of action I thought she should take and I laughed Didn't you read my books I said Yes she said intensely glaring at me in that loving way only a wife can do So after several conversations a few examples and looking at some options chains she sold puts in a couple stocks First on Target Corp TGT before the year ended which expired worthless in her favor and now she has some Apple AAPL puts at the 100 level which has been tested a couple times Another good friend we saw at a holiday party was asking me what I would do with a small windfall he had recently received Since I'm not a professional financial advisor please understand I don't go around giving advice These are just my spouse and friend asking my opinion so I feel okay showing them what I know I tell them to educate themselves because this stuff isn't too hard to understand Anyway I told my friend all about DRIPs and how it removed a lot of the fear in the market for me because you start to see the incredible benefits of up and down markets just like with options So even if this market is moving toward a minor pullback with increased volatility or a major correction these are two great investing and trading strategies to get under your belt And the time spent learning just how useful they are has been so worth it for me and my family Good luck to you and yours in the upcoming trading year and enjoy these two books included here in their original versions minus a few formatting changes to create this bundle

Value Investing James

Montier, 2010-02-09 A must read for all students of the financial markets clear insight and spirited good humor backed up with cold hard facts Seth Klarman President The Baupost Group LLC The seductive elegance of classical finance theory is powerful yet value investing requires that we reject both the precepts of modern portfolio theory MPT and pretty much all of its tools and techniques In this important new book highly respected and controversial value investor and behavioral analyst James Montier explains how value investing is the only tried and tested method of delivering sustainable long term returns

He shows you why everything you learnt at business school is wrong how to think properly about valuation and risk how to avoid the dangers of growth investing how to be a contrarian how to short stocks how to avoid value traps and how to hedge ignorance using cheap insurance Value Investing provides the tools to start thinking in a different fashion about the way in which you invest introducing ways of overriding the emotional distractions that bedevil the pursuit of a value approach and ultimately thinking and acting differently from the herd A leading light in value investing and behavioral finance shows you what s wrong with standard investment thinking and offers important insight into how to improve your process Michael J Mauboussin Chief Investment Strategist at Legg Mason Capital Management and author of *Think Twice Harnessing the Power of Counterintuition* *Serious Money Investing* Christopher Cerda,2008 If you are not 100 percent satisfied with your current investment strategy it s time you started playing your cards right Drop the need to maintain high cash balances in case of a market correction and take up Automated Process Investing Created by author and retail investor Christopher Cerda this revolutionary paradigm will take your earnings to the next level **Biblical Responsible Investing** Darryl W. Lyons,2024-01-30 A large shift in financial resources is currently underway Learn how to position yourself to make effective money moves that will have a lasting impact on America s future Biblical Responsible Investing is for Christians who want to become more intentional resourceful and collaborative with their money as well as how to use the financial markets to increase their return Additionally it explores various ways to become involved in the latest trends in the money market Originally designed as a manuscript for Wall Street executives to gain insight into Christian approaches to money decisions Biblical Responsible Investing documents eleven principles that when understood will bring a fresh and essential perspective to the table The revised manuscript is tailored to the needs of everyday people providing practical direction on how the trends identified can be applicable to their personal financial decisions Inside the shadowboxes found at the end of each chapter are the tools for Christians to confidently make their financial decisions with a focus on helping their own community and faith **The Harriman House Book of Investing Rules** Philip Jenks,Stephen Eckett,2011-02-21 For the first time the tactics strategies and insights relied on by 150 of the world s most respected financial experts are revealed in a concise digestible form Learn how you really make money in the markets from fund managers of billion pound equity funds traders in the options and futures markets industry rated analysts economists from top business schools writers on leading financial newspapers Each provides focused and practical rules on how to succeed in the market Often counter intuitive their rules tell you exactly what to do and what not to do No padding just a rock hard list of do s and don ts The contributors to this book are the elite of investing They consistently beat the market because they know which shares to buy at what price and when And just as importantly they know when to sell Never before has so much quality advice been packed into a single book If you want to increase your wealth through investing this is an unmissable opportunity to acquire knowledge and skills from the best in the world [The Wealth Navigator](#) Brandon Kay ,2024-04-25 Unlock the secrets to financial success with The Wealth
