Annual Catalogue United States Air Force Academy, 1985 United States Air Force Academy United States Air Force Academy, 1985 **Abstract Data Types** Nell Dale, Henry M. Walker, 1996 Since 1985 Nell Dale's texts have helped shape the way computer science is taught. Now she and Henry Walker, an accomplished instructor and author in his own right, are proposing a new focus for the junior/senior level data structures course. A timely response to the prevalence of object-oriented programming, this new text expands the focus of the advanced data structures course to examine not only the structure of a data object but also its type. This new focus gives students the opportunity to look at data objects from the point of view of both user and implementer. *Undergraduate and Graduate Courses and Programs* Iowa State University, 2001 **Catalogs of Courses** University of California, Berkeley, 1994 Includes general and summer catalogs issued between 1878-1879 and 1995-1997 **Undergraduate Announcement** University of Michigan--Dearborn, 1991 **Annual Report** Cornell University.
