Joanne McGlown, Phillip D. Robinson, 2011-03-02 As disasters continue to increase in frequency and severity healthcare organizations must be prepared to react quickly and coordinate their efforts with those of other first responder organizations This book focuses on disaster preparedness and response from the healthcare leader s perspective It

shares practical strategies derived from the real world experience of CEOs and administrators. It also includes compelling interviews with healthcare leaders who led their organizations' response to and recovery from catastrophic events including recent hurricanes, floods, and terrorist threats. Creating a solid financial plan and implementing it swiftly following a catastrophe are critical to the long-term stability of the facility. Two chapters of the book are devoted to ensuring fiscal strength before, during, and after a disaster. These chapters and others are illustrated with easy-to-use sample forms and checklists for planning and response. Topics covered include: Updates of the current status of federal regulations; Definitions of the local, state, and federal roles in catastrophe planning; Descriptions of various planning processes; The most common roadblocks healthcare leaders face in crisis situations; Strategies for recovery and reconstruction following an event; How to minimize the financial impact of disasters.

Decision Making in Emergency Management Jan Glarum, Carl Adrianopoli, 2019-11-20. *Decision Making in Emergency Management* examines decisions the authors have made over their careers based on their combined training, experience, and instinct. Through a broad range of case studies, readers discover how experience impacts decision making in conjunction with research and tools available. While the use of science, data, and industry standards are always the best option when it comes to handling emergency situations, not all emergency situations fit one known solution. This book comprehensively explores the question: Is instinct a viable factor when faced with a

challenging situation and how close does it match up with the best science available **Interface** Paul R. Laska,2011-08-19
