Robinson,2017-03-16 School choice has been central to American education policy debate for a quarter century But throughout school choice has been just that school choice In a potentially profound development Education Savings Accounts ESAs reimagine parent choice in ways that may upend many assumptions that have framed issues of school choice in the past ESAs offer something wholly new allowing parents to customize their child s education by stitching together traditional schools and different education providers including tutors therapists online and blended models Of course a raft of new questions and potential challenges accompany these new ESA programs which in 2015 existed in five states Arizona Florida Mississippi Nevada and Tennessee and were introduced by legislators in another sixteen Yet for all their potential import ESAs are barely understood This volume seeks to provide a comprehensive fair minded treatment of ESAs and will address the rationale for them the challenges they pose what it takes for them to work and the political and legal dynamics at play

Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons,2013 **Extraterritoriality and International Bribery** Branislav Hock,2019-09-11 The book presents a collective action perspective to explain how extraterritoriality functions and assess when and to what extent extraterritoriality is effective A collective action perspective provides a new account of foreign anti bribery laws and their extraterritorial enforcement that draws on theories discussed in the field of economic governance Within this framework the book offers an intensive analysis of US foreign anti bribery law such as the Foreign Corrupt Practices Act FCPA international law as it emanates from the OECD Anti Bribery Convention and comparative insights into UK law and German law To test the theory in practice the book provides a unique data set of more than 40 foreign anti bribery enforcement actions conducted by the US Department of Justice DOJ and the Securities and Exchange Commission SEC and other examples from comparative jurisdictions Extraterritoriality and International Bribery is

ideal reading for academics and students with an interest in global governance economic crime criminology and law and economics as well as practitioners concerned with foreign anti bribery enforcement including compliance officers lawyers investigating and prosecuting authorities and business leaders The book also discusses governance alternatives existing outside international anti bribery law and offers policy and legal reforms proposals The book suggests a decentralized enforcement model with the delegation of some enforcement tasks to an external body as the most appropriate governance alternative
