Ancient Civilizations Sixth California:

World Monarchies and Dynasties John Middleton, 2015-06-01 Throughout history royal dynasties have dominated countries and empires around the world Kings queens emperors chiefs pharaohs czars whatever title they ruled by monarchs have shaped institutions rituals and cultures in every time period and every corner of the globe The concept of monarchy originated in prehistoric times and evolved over centuries right up to the present Efforts to overthrow monarchies or evade their rule such as the American French Chinese and Russian revolutions are considered turning points in world history Even today many countries retain their monarchies although in vastly reduced form with little political power One cannot understand human history and government without understanding monarchs and monarchies This fully illustrated encyclopedia provides the first complete survey of all the major rulers and ruling families of the world past and present No other reference work approaches the topic with the same sense of magnitude or connection to historical context Arranged in A Z format for ease of access World Monarchies and Dynasties includes information on major monarchs and dynasties from ancient time to the present This set includes overviews of reigns and successions genealogical charts and dynastic timelines addresses concepts problems and theories of monarchy provides background and information for further research highlights important places structures symbols events and legends related to particular monarchs and dynasties includes a master bibliography and multiple indexes

Taking Religion Seriously Across the Curriculum Warren A. Nord, Charles C. Haynes, 1998 The authors chart a middle course in our war over religion and public education one that builds on a developing national consensus among educational and religious leaders While it is not proper for schools to practice religion or proselytize neither is it permissible to make them religion free zones Schools do not take religion seriously as the authors review of textbooks and the new national content standards makes clear In Part One they outline the civic constitutional and educational frameworks that should shape the treatment of religion in the curriculum and classroom In Part Two they explore major issues relating to religion in different domains of the curriculum in elementary education and in middle and high school courses in history civics economics literature and the sciences They also discuss Bible courses and world religions courses and explore the relationship of religion to moral education and sex education
