Introduction to Yoga
This book is going to tell you a little bit about yoga I am not going to go very deeply in to the esoteric and traditional aspects of yoga because that knowledge is only gained through years of training by a wise and experienced guru but you are going to get to know more about this ancient tradition which has come down to benefit mankind down the ages What is Yoga Ask any health conscious person this question and he is going to inspect the ceiling thoughtfully and say something on the lines of ahhh umm Is not yoga made up of some exercise routines in which you lie down on a mat and twist your body into different shapes These exercises are to get rid of weight and will make sure that you keep fit fine and healthy When you nod and say Go on he is going to continue enthusiastically And then you are going to be chanting some mantras all the time that you are doing these exercises because that is the way it is done Hold it right there You are right that yoga is basically a set of exercises but let me explain about the idea of mantras and chanting This idea that you have to chant instant mantras in praise of the gods

is perhaps the reason why so many people are not taking benefit of this ancient Eastern tradition That is because they consider this to be religion area and civilization specific This is definitely not so An American friend once asked me if I practiced yoga being an Indian I nodded and she replied a bit bewildered But you are not a Hindu So why would you want to practice yoga And then she shrugged her shoulders and said Well I guess it is just a passing phase this interest in yoga This was 20 years ago and for all those people out there who still are under the impression that yoga is a religion specific tradition let me tell you a little bit about this ancient traditional way of keeping healthy And I am glad to see that she has been proven wrong because Yoga is definitely not a fad It is not here today gone tomorrow More and more people in the West and also all over the world are getting interested in this natural way of keeping healthy and physically emotionally spiritually and mentally fit Yoga has been around for more than 5000 years It has been practiced in Asia in different ways and under different names with one goal achievement of spiritual harmony and physical well being The Chinese have their own version of yoga Taichi and Taijiquan which includes mental and physical exercises including meditation So have plenty of old Eastern civilizations down the ages Yoga is a state of mind it is also the art of living in which the mind body and spirit work in tandem to achieve the state of mental physical and emotional harmony And if that is too philosophical for you you can consider yoga to be a system in which you are getting in touch with your mind body and spirit in a really positive manner

Self-esteem! Alexander Yamashita, 2019-11-25 Yoga is a belief that a man's mind body and spirit should work in harmony with the environment and his own self To achieve this his emotions actions and intelligence should all be in balance Most people nowadays are more interested in yoga as a form of exercise Many are practicing yoga because it is proven to help calm the mind reduce stress relieve pain and lose weight which most often translates to an increase in confidence As a matter of fact many doctors now accept its therapeutic benefits as they've seen it do wonders on their own patients Some who are not familiar with yoga think that it is an exercise composed of poses that are also impossible to do This is why some people become rather hesitant about practicing it or even trying it Though it may be true that some poses require impressive flexibility there are many poses that can be done by beginners or those who are still inflexible With this book you will learn everything about how to begin practicing Yoga It will teach you some basic techniques on how to prepare your body mind and spirit It will also teach you how to slowly achieve the flexibility needed for advanced poses in a safe gradual way rushing things won't be beneficial in this kind of self improvement pursuit as doing so will only lead to injury The book will also include basic sequences of poses which you can use to create an exercise routine You'll also discover what you need to learn about the essentials of yoga In other words you'll know exactly what you should prepare such as mats and straps before starting a healing exercise that can help you achieve a balanced and calm mind spirit and body In addition you will know the proper attire for doing yoga the sort of clothes that you'll be able to move in If you're worried that you'll only get to read

about beginner level poses and routines you will be glad to know that this book also serves as a preview on the more advanced side of yoga After all most beginners eventually yearn to try something more challenging To achieve a proper balance between enthusiasm and safety several tips are also provided for those aiming to become advanced yoga practitioners As you might have heard diet is also an important aspect of this mind calming stress reducing and confidence boosting endeavor That s why this book also features an entire chapter dedicated to proper yoga nutrition It won t be strict diet though as you will only be taught how to food items that could help you reach your goal Of course that also means you ll become more familiar with those that won t do you any good *A Beginners Guide to Yoga for Weight Loss* Trey
