Grade 1

Catherine S. Neal

Accounting Memorandum For June 2013 Marks 200 Grade 1:

Taking Down the Lion Catherine S. Neal, 2014-01-07 Taking Down the Lion offers an inside look at the career of Tyco's most infamous CEO and what exactly brought him down so publicly. As the widely admired CEO of Tyco International, Dennis Kozlowski grew a little-known New Hampshire conglomerate into a global giant. In a stunning series of events, Kozlowski suddenly lost his job along with his favored public status when he was indicted by legendary Manhattan DA Robert Morgenthau. It was an inglorious end to an otherwise brilliant career. Kozlowski was the face of corporate excess in the turbulent post-Enron environment; he was pictured under headlines that read "Oink Oink" and publicly castigated for his extravagant lifestyle. Deal a Day: Dennis was transformed into the poster child for corporate greed. Kozlowski was ultimately convicted of grand larceny and other crimes that in sum found the former CEO guilty of wrongfully taking 100 million from Tyco. Taking Down the Lion shines a bright light on former CEO Dennis Kozlowski and the Tyco corporate scandal; it is the definitive telling of a largely misunderstood episode in U.S. business history. In an unfiltered view of corporate America, Catherine S. Neal pulls back the curtain to reveal a world of big business ambition, money, and an epidemic of questionable ethics that infected not only business dealings but extended to attorneys, journalists, politicians, and the criminal justice system. When the ugly truth is told, it's clear the good guys were not all good and the bad guys not all bad. And there were absolutely no heroes.

The Crisis of the Middle-Class Constitution Ganesh Sitaraman, 2017-03-14 In this original provocative contribution to the debate over economic inequality, Ganesh Sitaraman argues that a strong and sizable middle class is a prerequisite for America's constitutional system. A New York Times Notable Book of 2017. For most of Western history, Sitaraman argues, constitutional thinkers assumed economic inequality was inevitable and inescapable, and they designed governments to prevent class divisions from spilling over into class warfare. The American Constitution is different. Compared to Europe and the ancient world, America was a society of almost unprecedented economic equality, and the founding generation saw this equality as essential for the preservation of America's republic. Over the next two centuries, generations of Americans fought to sustain the economic preconditions for our constitutional system. But today, with economic and political inequality on the rise, Sitaraman says Americans face a choice: Will we accept rising economic inequality and risk oligarchy, or will we rebuild the middle class and reclaim our republic? The Crisis of the Middle-Class Constitution is a tour de force of history, philosophy, law, and politics. It makes a compelling case that inequality is more than just a moral or economic problem; it threatens the very core of our constitutional system.

The Rough Rider and the Professor Laurence Jurdem, 2023-07-04 Evoking the political intrigue of the Gilded Age, The Rough Rider and the Professor chronicles the extraordinary thirty-five year friendship between President Theodore Roosevelt and Senator Henry Cabot Lodge of Massachusetts. Theodore Roosevelt was a uniquely gifted figure: a man of great intellect and physicality. The New York patrician captured the imagination of the American people with his engaging personality and determination to give all

citizens regardless of race color or creed the opportunity to achieve the American dream While Roosevelt employed his abilities to rise from unknown New York legislator to become the youngest man ever to assume the presidency in 1901 that rapid success would not have occurred without the assistance of the powerful New Englander Henry Cabot Lodge Eight years older than Roosevelt from a prominent Massachusetts family Lodge was one of the most calculating combative politicians of his age From 1884 to 1919 Lodge and Roosevelt encouraged one another to mine the greatness that lay within each of them As both men climbed the ladders of power Lodge focused on dominating the political landscape of Massachusetts served as the future president's confidant and mentor advising him on political strategy while helping him obtain positions in government that would eventually lead to the White House Despite the love and respect that existed between the two men their relationship eventually came under strain Following Roosevelt's ascension to the presidency T R's desire to expand the social safety net while attempting to broaden the appeal of the Republican Party clashed with his older friend's more conservative partisan point of view Those tensions finally culminated in 1912 Lodge's refusal to support the former president's independent bid for a third presidential term led to a political break up that was only repaired by each man's hatred for the policies of Woodrow Wilson Despite their political disagreements Theodore Roosevelt and Henry Cabot Lodge remained devoted friends until the Rough Rider took his final breath on January 6 1919 Moody's Banks & Finance, 1934
