## **Accounting November 2014 Memo Grade 10:**

*Working-Class Utopias* Robert M. Fogelson, 2022-10-18 One of the nation's foremost urban historians traces the history of cooperative housing in New York City from the 1920s through the 1970s As World War II ended and Americans turned their attention to problems at home union leaders and other prominent New Yorkers came to believe that cooperative housing would solve the city's century old problem of providing decent housing at a reasonable cost for working class families *Working Class Utopias* tells the story of this ambitious movement from the construction of the Amalgamated Houses after World War I to the building of Co op City the world's largest housing cooperative four decades later Robert Fogelson brings to life a tumultuous era in the life of New York drawing on a wealth of archival materials such as community newspapers legal records and personal and institutional papers In the early 1950s a consortium of labor unions founded the United Housing Foundation under the visionary leadership of Abraham E Kazan who was supported by Nelson A Rockefeller Robert F Wagner Jr and Robert Moses With the help of the state which provided below market rate mortgages and the city which granted tax abatements Kazan's group built large scale cooperatives in every borough except Staten Island Then came Co op City built in the Bronx in the 1960s as a model for other cities but plagued by unforeseen fiscal problems culminating in the longest and costliest rent strike in American history Co op City survived but the United Housing Foundation did not and neither did the cooperative housing movement *Working Class Utopias* is essential reading for anyone seeking to understand the housing problem that continues to plague New York and cities across the nation      **Fundamental Accounting**

**Race and the Greening of Atlanta** Christopher C. Sellers, 2023-08-15 Race and the Greening of Atlanta turns an environmental lens on Atlanta's ascent to thriving capital of the Sunbelt over the twentieth century Uniquely wide ranging in scale from the city's variegated neighborhoods up to its place in regional and national political economies this book reinterprets the fall of Jim Crow as a democratization born of two metropolitan movements a well known one for civil rights and a lesser known one on behalf of the environment Arising out of Atlanta's Black and white middle classes respectively both movements owed much to New Deal capitalism's undermining of concentrated wealth and power if not racial segregation in the Jim Crow South Placing these two movements on the same historical page Christopher C Sellers spotlights those environmental inequities ideals and provocations that catalyzed their divergent political projects He then follows the intermittent sometimes vital alliances they struck as civil rights activists tackled poverty as a new environmental state arose and as Black politicians began winning elections Into the 1980s as a wealth concentrating style of capitalism returned to the city and Atlanta became a national poster child for sprawl the seedbeds spread both for a national environmental justice movement and for an influential new style of antistatism Sellers contends that this new conservatism sweeping the South with an antienvironmentalism and budding white nationalism that echoed the region's Jim Crow past once again challenged the democracy Atlantans had achieved
