Amazon Casino Royale Review:

Selected Amazon Reviews Kevin Killian, 2024-11-26 A book length selection from Kevin Killian's legendary corpus of more than two thousand product reviews posted on Amazon.com: An enchanting roll of duct tape, Love Actually on Blu-ray, Disc The Toaster Oven Cookbook, The Biography of Stevie Nicks, and an anthology of poets who died of AIDS. In this only book length selection from his legendary corpus of more than two thousand product reviews posted on Amazon.com, sagacious shopper Kevin Killian holds forth on these household essentials and many, many, many others. The beloved author of more than a dozen volumes of innovative poetry, fiction, drama, and scholarship, Killian was for decades a charismatic participant in San Francisco's New Narrative writing circle. From 2003-2019, he was also one of Amazon's most prolific reviewers, rising to rarefied Top 100 and Hall of Fame status on the site. Alternately hilarious and heartfelt, Killian's commentaries consider an incredible variety of items; each review a literary escapade hidden in plain sight amongst the retailer's endless pages of user-generated content. *Selected Amazon Reviews* at last gathers an appropriately wide swath of this material between two covers, revealing the project to be a unified whole and always more than a lark. Some for verified purchases, others for products enjoyed in theory, Killian's reviews draw on the influential strategies of New Narrative, his unrivaled fandom for both elevated and popular culture, and the fine art of fabulation. Many of them are ingeniously funny, flash fictional riffs on the commodity as talismanic object, written by a cast of personas worthy of Pessoa. And many others are serious, even scholarly, earnest tributes to contemporaries and to small press books that may not have received attention elsewhere, offered with exemplary attention. All of Killian's reviews subvert the Amazon platform, queering it to his own play with language, identity, genre, critique. Killian's prose is a consistent pleasure throughout. *Selected Amazon Reviews* brimming with wit, lyricism, and true affection. As the Hall of Famer himself reflected on this form of his own invention shortly before his untimely passing in 2019: "They're reviews of a sort, but they also seem like novels. They're poems. They're essays about life. I get a lot of my kinks out there on Amazon."

Film Review, 2007 Film as World Literature Robin Truth Goodman, 2025-10-16 Redefines the theoretical and thematic contents of world literature by considering it in connection with film. What gets lost when we understand film as essentially different from literature? What gets lost when we think them essentially the same? Does the constructed difference between literature and film also create social and political exclusions, exclusions that may exacerbate class struggle or exclusions of certain ways of thinking the future? *Film as World Literature* seeks to undo disciplines and disciplinarity, the division between film and literature, indeed conceals the possibilities of world by bracketing out undisciplined parts. Contributors apply ideas of translatability and untranslatability not just as a linguistic exercise of transfers between language groups, cultures, and national origins, but also as an approach to media and transfers between media. Is film a visual acknowledgement that literary language is by definition multilingual, that is, film a place where political conflicts, as Bakhtin observed, can be rendered visible? Chapters discuss film's relation to world literature, not only by

considering literary adaptations across nations regions languages ideologies and contexts but also by exploring film s intersections with literary theory narrative history genre and experimentation Film as World Literature calls for recognition that while the category of world demands a radical defense in the face of risks to democracy the world that literature and film combined bring forth must interrogate the conditions for a future politics of interaction engagement belonging and difference

E-Commerce and Web Technologies Christian Huemer,Thomas Setzer,2011-08-27 This book constitutes the refereed proceedings of the 12th International Conference on Electronic Commerce and Web Technologies EC Web held in Toulouse France in August September 2011 The 25 papers accepted for EC Web selected from 60 submissions are organized into eight topical sections on semantic services business processes and services context aware recommender systems intelligent agents and e negotiation systems collaborative filtering and preference learning social recommender systems agent interaction and trust management and innovative strategies for preference elicitation and profiling

Recommender Systems and the Social Web Fatih Gedikli,2013-03-29 There is an increasing demand for recommender systems due to the information overload users are facing on the Web The goal of a recommender system is to provide personalized recommendations of products or services to users With the advent of the Social Web user generated content has enriched the social dimension of the Web As user provided content data also tells us something about the user one can learn the user s individual preferences from the Social Web This opens up completely new opportunities and challenges for recommender systems research Fatih Gedikli deals with the question of how user provided tagging data can be used to build better recommender systems A tag recommender algorithm is proposed which recommends tags for users to annotate their favorite online resources The author also proposes algorithms which exploit the user provided tagging data and produce more accurate recommendations On the basis of this idea he shows how tags can be used to explain to the user the automatically generated recommendations in a clear and intuitively understandable form With his book Fatih Gedikli gives us an outlook on the next generation of recommendation systems in the Social Web sphere

James Bond Will Return Claire Hines, Terence McSweeney, Stuart Joy, 2024-01-09 For over six decades James Bond has been a fixture of global culture universally recognizable by the films combination of action set pieces sex political intrigue and outrageous gadgetry But as the British Empire entered the final stages of collapse as the Cold War wound down and the War on Terror began and as the visions of masculinity and femininity the series presented began to strike many viewers as outdated the Bond formula has adapted to the changing times Spanning the franchise s entire history from Sean Connery s iconic swagger to Daniel Craig s rougher more visceral interpretation of the superspy *James Bond Will Return* offers both academic readers and fans a comprehensive view of the series s transformations against the backdrop of real world geopolitical intrigue and sweeping social changes Leading scholars consider each of the twenty five films in the series showing how and why Bond has changed and what elements of the formula have stood the test of time Each chapter examines a single film from a distinct position

giving readers a full picture of the variety and breadth of the longest running series in cinema history Close formal readings production histories tracings of the political social and historical influences analyses of the series use of then new filmmaking technologies reflections on the star personas that have been built around the character these and many more approaches combine to produce a wide ranging view of the James Bond film franchise Essential reading for Bond scholars and
