Song 88

15 min: Family Worship That Refreshes. Interview a family regarding their family worship. Of what does their program consist? How do they determine what to discuss? What tools available on jw.org have they used? How has their program helped them in the ministry? How do they prevent other activities from disrupting their schedule? How have they benefited from their program of family worship?

15 min: “Improving Our Skills in the Ministry—Responding to Potential Conversation Stoppers.” Discussion. Consider two or three potential conversation stoppers that publishers may encounter, and invite comments on how we might respond. Remind publishers that they will have an opportunity to relate experiences during the week of April 7.

Song 97 and Prayer

Improving Our Skills in the Ministry—Responding to Potential Conversation Stoppers

Why Important: Imagine that you know that a natural disaster is imminent. People will die unless they flee to safety. You go to a neighbor’s home to warn him, but he interrupts you, saying that he is busy. Surely, you would not quickly abandon your efforts to help him! Many in our territory turn us away, not realizing the life-saving value

of our message. At the time of our visit, perhaps they are preoccupied. (Matt. 24:37-39) Or maybe they have been prejudiced by untrue rumors. (Matt. 11:18, 19) They might assume that we are no different from the religions that have produced bad fruitage. (2 Pet. 2:1, 2) If the householder initially is not interested, we should not be quick to give up.

How to Do It:

- Before preaching from house to house, take a few moments to think about potential conversation stoppers that you may encounter and consider how to respond.
- If the householder presents an objection, gently try to continue the conversation. Perhaps you can do that by commending him. For example, if he says that he has his own religion, you might reply, “I was hoping to find someone like you who has an interest in spiritual things.” Sometimes acknowledging the householder’s feelings or circumstances will enable you to continue giving a witness. For instance, if he says that he is busy, you might say: “I understand. But before I leave, I would like to give you this.” Another option is to ask a question if the householder says that he is not interested. You could say, “Do you mean that you are not interested in the Bible, or is it religion in general that does not interest you?”
- Use good judgment. Remember that Jehovah does not force people to listen. (Deut. 30:19) Everyone must carry his own load of spiritual responsibility. (Gal. 6:5) If the householder is adamant, it is best to take our leave. By demonstrating respect for his feelings, we may open the door for another publisher to give a witness in the future. —1 Pet. 3:15.

Try This During the Month:

- When you encounter a potential conversation stopper, after leaving the householder, discuss with your partner how you might have responded in a better way.

QAnon Marc-André Argentino, 2025-07-18 This book explores the QAnon movement by examining its history fluctuations and evolution stemming from the likelihood of multiple users behind the Q account as well as from the changes in the sociopolitical landscape since the creation of the movement It frames QAnon as a lived religion and demonstrates that it has gone through three stages of existence proto QAnon canonical QAnon and apocryphal QAnon Author Marc Andr Argentino argues that QAnon evolved into something more than a conspiracy theory and demonstrates through a comparative analysis that QAnon is more akin to a new religious movement in particular a hyper real religion He explores the role of gender and women in the QAnon movement followed by an examination of how the QAnon conspiracy theories have legitimized and coordinated targeted gender based violence The book provides evidence of the nexus of QAnon and ideologically motivated violent extremism and criminality Finally it examines the evolution of QAnon after the January 6th insurrection the loss of the 2020 election by Donald Trump and the disappearance of Q This volume will be of great interest to researchers of conspiracy theories new religious movements American politics and extremism

Nuclear Designs Bruce Larkin, 2018-04-17 Global politics has changed with unaccustomed swiftness since the end of the Cold War Eastern Europe is free the Soviet Union has broken up China presses free market economic reform and the United States and Russia have declared a joint commitment to end nuclear war The force of these changes has created a new agenda for global politics and security policy This does not mean that nuclear weapons have lost their centrality Nuclear development programs continue in the major holders of advanced weapons In Israel Pakistan India North Korea Iraq and Iran nuclear intentions are subject to widespread speculation and scrutiny Negotiations for renewal of the Nuclear Non Proliferation Treaty remind us that the treaty requires serious efforts to abolish nuclear weapons Nuclear Choices points out that the Cold War s end has not banished mistrust Instead it has opened the door to frank conversation about the usefulness of force and the need to address common fears States now face a global choice among alternative nuclear futures If they desire to avoid runaway nuclear development the choices come down to three the status quo disengagement or abolition Larkin argues that if they chose the status quo they elect a world in which only terror and self restraint keep devastation at bay a world in which instant destruction is possible This study focuses on the nuclear weapons

programs of Great Britain China and France because they may be less familiar to students of international affairs Each of these countries has developed a substantial nuclear capability that could decisively shape the result of coming global nuclear decisions Larkin concludes that these three minipowers could conclude that nuclearism serves their interests refuse disengagement and encourage proliferation If they are prepared to abandon nuclearism they have tremendous political leverage on Russia the United States and also on undeclared and aspiring nuclear weapons states For now only the United Kingdom France and China maintain sufficient warhead inventories and production capabilities to have strong effects on how the United States and Russia view their own strategic capabilities Nuclear Choices asserts that governments polities and parties today do not know how to guarantee themselves against weapons of mass destruction They must either acquire the political and social means to achieve such guarantees or accept a world in which nuclearism will continue to cast its shadow over all aspects of nation building It will be of interest to political scientists policymakers military analysts and those interested in the nuclear issue *Leaving the Tower* HJ Evans,2021-02-02 Jehovah s Witnesses are all over the world claiming eight million followers Do they have The Truth or are they just another religious sect In this book HJ Evans examines their beliefs closely and makes it clear that this tower is one that you should get away from This book examines the Witnesses attempts to explain Bible prophecy their organizational failings and how their beliefs hurt and endanger their members all in an easy to read conversational style *Our Church Life* ,1894 **Index of Watchtower Errors 1879 to 1989** David A. Mattox,Arthur R. Rachwald,2001 Examines the deliberations over NATO enlargement in 12 countries The book sheds light on the political motives leading to each country s position The comparative analysis explores the interaction of domestic and international issues at the core of efforts to reshape the security map of Europe **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** ,2004 **The Politics of Spiritual Work in Christian Movements** Aini Linjakumpu,2025-08-06 This book

examines how three conservative Christian movements Jehovah's Witnesses Conservative Laestadians and the Old Order Amish attribute spiritual meanings to both paid employment and voluntary work and how work functions as a tool of governance within these communities A central concept developed in this book is spiritual work used to describe forms of labour imbued with religious meaning and purpose This book offers a detailed analysis of how religious interpretations of work regulate members lives and sustain internal power dynamics By tracing both the theological roots and social consequences of these interpretations the study demonstrates that work is not merely an economic necessity but a central component of the moral and spiritual order within these movements Framed by perspectives from the study of power and governance this book identifies three key dimensions through which governance operates via work shaping individual spirituality reinforcing communal belonging and cohesion and regulating the boundary between the religious community and the outside world
