Finding Truth in Fiction Karen Dill-Shackleford,Cynthia Vinney,2020 In *Finding Truth in Fiction* two media psychologists reveal that there s much more to our desire to seek out stories in film TV and books than simple diversion fiction can help us find truth in our real lives By exploring our relationship with fictional stories and characters the authors will examine the influence of fiction on our identities the paradox of trying to separate actors from the roles they play and the types of stories

we are drawn to over and over From Urban Legends to Political Fact-Checking William Aspray, James W. Cortada, 2019-08-12 This text presents an historical examination of political fact checking highlighting how this is part of a larger phenomenon of online scrutiny that manifests itself in multiple forms Reflecting the long history of fake facts in America the book discusses important developments in this area from the emergence of the public Internet in the 1990s to the start of the Trump Clinton presidential election campaigns Topics and features describes how some of the major players in political fact checking began with the purpose of scrutinizing and debunking of urban legends considers how this was part of a wider culture encompassing B grade horror movies truth or fiction television shows and groups warning about computer viruses explains how such developments are connected revealing political fact checking as one of many forms of scrutiny applied in the face of a complex dangerous world provides a range of detailed case studies covering such topics as the rumors surrounding the 9 11 terrorist attacks and academic interest in contemporary legends discusses how pre Internet technologies such as bulletin boards Usenet and proprietary online service providers such as CompuServe and AOL were used to both disseminate and debunk urban legends examines the rise of political fact checking reviewing all of the major initiatives in this area undertaken in the United States This timely study touches on issues of popular culture and major events and offers profiles of colorful individuals and organizations and as such will appeal to a broad audience interested in the history of fact checking and efforts to protect the political process from falsehoods *Computational Engineering of Historical Memories* Andrea Nanetti, 2022-09-26 Nanetti outlines a methodology for deploying artificial intelligence and machine learning to enhance historical research Historical events are the treasure of human experiences the heritage that societies have used to remain resilient and express their identities Nanetti has created and developed an interdisciplinary methodology supported by practice based research that serves as a pathway between historical and computer sciences to design and build computational structures that analyse how societies create narratives about historical events This consilience pathway aims to make historical memory machine understandable It turns history into a computational discipline through an interdisciplinary blend of philological accuracy historical scholarship history based media projects and computational tools Nanetti presents the theory behind this methodology from a humanities perspective and discusses its practical application in user interface and experience An essential read for historians and scholars working in the digital humanities "The Truth" Sam Pickering, 2023-10-17 This summer Sam Pickering and his wife Vicki attended a professional wrestling match in a small arena in Nova Scotia They sat in folding chairs on the front row They ate Montreal Sausages drowning in ketchup and awash with onions They cheered heroes and laughed at villains In the middle of one match a naughty wrestler leaned over the ropes and staring at Sam said If you keep laughing that hard old timer you ll have a heart attack What Sam said to Vicki Old timer Not me That poor man had better see an eye doctor before he gets hurt How to Sell Used Books on Amazon Bolakale Aremu, 2023-12-23 In this edition you will learn more ways to sell your used books on

Amazon for huge profits without even seeing or touching a single book The market can never be saturated It s something brand new and is making a lot of people over 10k per month including absolute beginners because it really doesn t have to do with having technical or previous knowledge As long as you have internet and a computer you can do this alone or even outsource it as explained in this guide You can also do it inside our community So wherever you are in the world I just want to let you know you can do this strategy So if you close off all distractions pay close attention and read this book to the end you ll give yourself a chance to learn this simple stuff Finally if you take action work for 1 to 2 hours daily I promise you will make at least 10k per month like most of our new members What I m going to talk about is how absolute beginners are having success with one or more of our methods These methods do not even require marketing which is really weird for an internet community that s full of marketing You actually don t need marketing Never You don t need anything like SEO Facebook ads Google ads blogging or content marketing It s not affiliate marketing or multilevel marketing You don t need to know programming or even email marketing You don t need your own website I think you get the picture that this is very different right There were so many success stories with our strategy I ve never seen so many success stories like ours This is a really unique strategy that is taught only in our own community and our students are having so much success with it So if you re super busy in life and you find marketing stuff just too much for you then know that ours is actually just a strategy that need no marketing to work so you can make a residual income online You can even build this out into a business although it s really just a strategy and methods that work Briefly this is a strategy that is really eye opening It s the stuff you can do by finding a little need in the Amazon marketplace and then finding a really simple way to fulfill that need at awesome profits I ve been doing online businesses for almost 20 years and I ve never seen anything as good as this So I m really excited to show you this In fact this is going to be the second time we are publicly showing this method So I m again really excited about it Order and read my book right now You ll see how much money you can potentially make with this

Digital Transformation Demystified Frank Granito, 2022-11-22 The buzz and hype created over the last few years around Digital Transformation has resulted in confusion and ubiquity that has rendered the term nearly meaningless Transformation extends far beyond the technology stack and must include the organization's culture its operating processes and virtually every facet of how it functions This fact means that leaders must break through the hype

and demystify this term once and for all They must get past the breathless hyperbole and understand what it really means to lead their organization through a continuous digital transformation process The demystification of digital transformation and understanding what it really means is critical for all leaders And that s what this book is about Related Links **The Naked Truth** Cynthia Garrett,2024-06-18 Millions of people who demanded mastery over their own bodies have been tragically duped Everywhere you look sex and sexuality are redefined manipulated twisted and maligned Terrified of being labeled intolerant Christians have been silent while the world has spoken loudly Well no more Cynthia Garrett will not be silent The sexual revolution offered us nothing but bondage Feminism is an admittedly failed experiment Yet we have always had the answer right under our noses Unlike any other book on purity Garrett boldly tackles these difficult topics to teach you that purity in your mind body and soul is about understanding true sexual freedom The Naked Truth is that we will never be free until we share this message with each other with our communities and with our children Because if we are not speaking godly truth to this generation ask yourself who is **Information Systems and Technologies** Alvaro Rocha,Hojjat Adeli,Gintautas Dzemyda,Fernando Moreira,2022-05-16 This book covers the following main topics A information and knowledge management B organizational models and information systems C software and systems modeling D software systems architectures applications and tools E multimedia systems and applications F computer networks mobility and pervasive systems G intelligent and decision support systems H big data analytics and applications I human computer interaction J ethics computers and security K health informatics L information technologies in education M information technologies in radio communications N technologies for biomedical applications This book is composed by a selection of articles from The 2022 World Conference on Information Systems and Technologies WorldCIST 22 held between April 12 and 14 in Budva Montenegro WorldCIST is a global forum for researchers and practitioners to present and discuss recent results and innovations current trends professional experiences and challenges of modern information systems and technologies research together with their technological development and applications **The End of Truth Five Essays on The Demise of Neoliberalism** Bülent Somay,2021-08-24 What seems to be happening throughout the last decade is the gradual invalidation and dissolution of what we used to call Truth and hence the disruption and gradual dissolution of what Foucault had called the existing hierarchical Regime of Truth What remains is not what Marx had hoped to be a more egalitarian regime in which the educator s themselves are also educated but rather a Humpty Dumpty Regime where Truth is whatever the Humpty Dumpty in power wants it to be This book argues that this is an unmediated outcome of the profound social cultural and economic crisis of neoliberal capitalism and its political corollary the meteoric rise of populism and authoritarianism not only in the so called developing countries but throughout the entire globe CONTENTS PREFACE INTRODUCTION AFTER NEOLIBERALISM THE FLOOD CHAPTER 1 ON RADICAL AMBIGUITY CHAPTER 2 THE MIDAS BLESSING TURNING COMMODITIES INTO GIFTS CHAPTER 3 THE END OF TRUTH AS WE KNOW IT THE
