Lightning Strike Donald A. Davis, 2025-09-23 This is the story of the fighter mission that changed World War II It is the true story of the man behind Pearl Harbor Admiral Isoroku Yamamoto and the courageous young American fliers who flew the million to one suicide mission that shot him down Yamamoto was a cigar smoking poker playing English speaking Harvard educated expert on America and that intimate knowledge served him well as architect of the Japanese attack on Pearl Harbor For the next sixteen months this military genius beloved by the Japanese people lived up to his prediction that he would run wild in the Pacific Ocean He was unable however to deal the fatal blow needed to knock America out of the war and the shaken United States began its march to victory on the bloody island of Guadalcanal Donald A Davis meticulously tracks Yamamoto's eventual rendezvous with death After American code breakers learned that the admiral would be vulnerable for a few hours a desperate attempt was launched to bring him down What was essentially a suicide mission fell to a handful of colorful and expendable U S Army pilots from Guadalcanal's battered Cactus Air Force Mississippian John Mitchell after flunking the West Point entrance exam entered the army as a buck private Though not a natural as an aviator he eventually became the highest scoring army ace on Guadalcanal and the leader of the Yamamoto attack Rex Barber grew up in the Oregon countryside and was the oldest surviving son in a tightly knit churchgoing family A few weeks shy of his college graduation in 1940 the quiet Barber enlisted in the U S Army I'm going to be President of the United States Tom Lanphier once told a friend Lanphier was the son of a legendary fighter squadron commander and a dazzling storyteller He viewed his chance at hero status as the start of a promising political career December 7 1941 found Besby Holmes on a Pearl Harbor airstrip firing his 45 handgun at Japanese fighters He couldn't get airborne in time to make a serious difference but his chance would come Tall and darkly handsome Ray Hine used the call

sign Heathcliffe because he resembled the brooding hero of Wuthering Heights He was transferred to Guadalcanal just in time to participate in the Yamamoto mission a mission from which he would never return Davis paints unforgettable personal portraits of men in combat and unravels a military mystery that has been covered up at the highest levels of government since the end of the war **Operation Vengeance - Killing Admiral Yamamoto** Edgar Wollstone,2020-12-04

OPERATION VENGEANCE KILLING ADMIRAL YAMAMOTO The humiliating attack on Pearl Harbor had left a sour taste in the mouths of Americans It had to be avenged A direct attack on the mastermind behind the dastardly attack would be the sweetest revenge A plan was chalked up and they gave it a befitting moniker Operation Vengeance A story of revenge unfolds in mid air over the skies of Bougainville when the United States of America showed the chutzpah to take on the highest ranking Japanese official Isoroku Yamamoto Operation Vengeance was an aerial ambush like none other On the early hours of April 18 1943 the skies above the Solomon Islands began to split apart with the thunderous roars of fighters and the mighty P 38 Lightning squads The Japanese fighters are caught unawares they ripped through the azure clouds cleaving the stillness of ephemeral tranquility attempting to dodge the deadly shots being fired from the enemy P 38 and defend their Commander Two Bettys were covered by three fighter escorts but which one had the Admiral The P 38 Lightning pilots had no clue The wind speed the weather conditions the enemy pilots efficacy all these factors had to work in a magical unison for the mission to work The capricious weather and the Pacific winds were the least reliable and they could only count on their luck But their target had one quality they could rely on Yamamoto s fanatical punctuality Operation Vengeance is a story of revenge pride valor patriotism and incredible chutzpah When the enemy breaks all rules and attempts to stab from the back there is no time to hem and haw the enemy needs to get a taste of its own medicine Operation Vengeance Dan

Hampton,2020-08-11 Operation Vengeance is colorful intimate eye popping history delivered at a breakneck pace I loved it Lynn Vincent The New York Times bestselling author of Viper Pilot delivers an electrifying narrative account of the top secret U S mission to kill Isoroku Yamamoto the Japanese commander who masterminded Pearl Harbor In 1943 the United States military began to plan one of the most dramatic secret missions of World War II Its code name was Operation Vengeance Naval Intelligence had intercepted the itinerary of Admiral Isoroku Yamamoto the Commander in Chief of the Japanese Combined Fleet whose stealth attack on Pearl Harbor precipitated America s entry into the war Harvard educated Yamamoto was a close confidant of Emperor Hirohito and a brilliant tactician who epitomized Japanese military might On April 18th the U S discovered he would travel to Rabaul in the South Pacific to visit Japanese troops then fly to the Japanese airfield at Balalale 400 miles to the southeast Set into motion the Americans plan was one of the most tactically difficult operations of the war To avoid detection U S pilots had to embark on a circuitous 1 000 mile odyssey that would test not only their skills but the physical integrity of their planes The timing was also crucial the slightest miscalculation even by a few minutes or a delay on the famously punctual Yamamoto s end meant the entire plan would collapse endangering American lives But if

these remarkable pilots succeeded they could help turn the tide of the war and greatly boost Allied morale Informed by deep archival research and his experience as a decorated combat pilot Operation Vengeance focuses on the mission's pilots and recreates the moment by moment drama they experienced in the air Hampton recreates this epic event in thrilling detail and provides groundbreaking evidence about what really happened that day Operation Vengeance includes 30 black and white images

Dead Reckoning Dick Lehr, 2020-06-09 The definitive and dramatic account of what became known as Operation Vengeance the targeted kill by U S fighter pilots of Japan's larger than life military icon Admiral Isoroku Yamamoto the naval genius who had devised the devastating attack on Pearl Harbor AIR RAID PEARL HARBOR THIS IS NO DRILL At 7 58 a m on December 7 1941 an officer at the Ford Island Command Center typed what would become one of the most famous radio dispatches in history as the Japanese navy launched a surprise aerial assault on U S bases on Hawaii In a little over two hours more than 2 400 Americans were dead propelling the U S's entry into World War II Dead Reckoning is the epic true story of the high stakes operation undertaken sixteen months later to avenge that deadly strike a longshot mission hatched hastily at the U S base on Guadalcanal Expertly crafting this hunt for Bin Laden style WWII story New York Times bestselling author Dick Lehr recreates the tension filled events leading up to the climactic clash in the South Pacific skies frontline moments loaded with xenophobia spycraft sacrifice and broken hearts Lehr goes behind the scenes at Station Hypo on Hawaii where U S Navy code breakers first discovered exactly where and when to find Admiral Yamamoto on April 18 1943 and then chronicles in dramatic detail the nerve wracking mission to kill him He focuses on Army Air Force Major John W Mitchell the ace fighter pilot from the tiny hamlet of Enid Mississippi who was tasked with conceiving a flight route literally to the second for the only U S fighter plane on Guadalcanal capable of reaching Yamamoto hundreds of miles away the new twin engine P 38 Lightning with its fabled cone of fire Given unprecedented access to Mitchell's personal papers and hundreds of private letters Lehr reveals for the first time the full story of Mitchell's wartime exploits up to the face off with Yamamoto along with those of key American pilots Mitchell chose for the momentous mission Rex Barber Thomas Lanphier Jr Besby Holmes and Ray Hine The spotlight also shines on their enemy target Admiral Yamamoto the enigmatic charismatic commander in chief of Japan's Combined Fleet whose complicated feelings about the U S he studied at Harvard add rich complexity In this way Dead Reckoning offers at once a fast paced recounting of a crucial turning point in the Pacific war and keenly drawn portraits of its two main protagonists Isoroku Yamamoto the architect of Pearl Harbor and John Mitchell the architect of the Yamamoto's demise Dead Reckoning features black and white photos throughout

The Reluctant Admiral [REDACTED], 1982 This text presents an account of Yamamoto the man who planned Pearl Harbor and died a dramatic death in the South Pacific

We Killed Yamamoto Si Sheppard, 2020-08-20 He masterminded the most devastating surprise attack against the United States in its history He was a marked man in the war that followed A key intelligence breakthrough enabled the military to pinpoint his location An elite team was assembled and charged not with his capture and subsequent

trial but with his execution Osama bin Laden No this was Admiral Isoroku Yamamoto the Commander in Chief of the Japanese Combined Fleet during World War II This new title analyses the origins implementation and outcomes of Operation Vengeance the long range fighter interception of Admiral Yamamoto s transport aircraft that sent him to his death on 18th April 1943 Author Si Sheppard examines every angle of the operation in detail including the role of intelligence work in pinpointing the time and location of Yamamoto s flight the chain of command at the highest level of the US political and military establishment who ordered the attack and the technical limitations that had to be overcome in planning and conducting the raid It also provides a close study of the aerial combat involved in completing the mission offering a holistic exploration of the operation which avenged Pearl Harbor

Yamamoto's Dilemma Carl L. Steinhouse, 2019-12-11 Admiral Isoroku Yamamoto a brilliant admiral in the Japanese Navy was ordered to devise a devastating surprise attack on the American Navy Always a realist and having spent years in America warned that Japan could not win a war against the Americans that Japan would do well for six months but after that it would be ground down by American industrial might Ordered by the Emperor to go ahead he planned the aerial attack on Pearl Harbor with stunning success But as he predicted America in 1942 began to push Japan back to its homeland Yamamoto died in late 1943

Assassins' Raid Roberto de Haro, 2009-08 A novel of daring and danger that follows American Army pilots as they streak over shark infested waters in the South Pacific to rendezvous with the Japanese bomber carrying the sought after Admiral Isoroku Yamamoto Admiral Yamamoto was responsible for the attack on Pearl Harbor that fateful December in 1941 While the raid was kept secret for most of the war a startling controversy developed over who really shot down Yamamoto s plane Assassins Raid tells the story of the daring raid by American Army pilots in World War II to intercept and shoot down Admiral Yamamoto s plane in April of 1943 It was a remarkable effort and resulted in the death of the Japanese admiral

Killing Yamamoto Daniel Haulman, 2015-11-01 One of the most heroic World War II air raids by US forces was the one that killed Admiral Isoroku Yamamoto the commander of the Combined Japanese Fleet and the man who planned the Pearl Harbor and Midway attacks in 1941 and 1942 The raid occurred on April 18 1943 exactly one year after the famous Doolittle raid on Japan but it accomplished more by eliminating Japan s most important admiral and leading strategist This account stresses the crucial teamwork and planning by codebreakers strategic leaders and pilots of the US Marine Corps the US Navy and the Army Air Corps which achieved an almost miraculous interception Those issues outweigh in significance the great controversy that emerged over the question of which of the pilots actually shot down the Yamamoto aircraft
