The Oxford Handbook of Asian American History David Yoo, Eiichiro Azuma, 2016 The Oxford Handbook of Asian American History brings together 27 essays that engage the state of the field with historiographically informed but creative approaches to this diverse and vibrant area. The chapters trace Asian American history from the beginning of the migration flows toward the Pacific Islands and the American continent to Japanese American incarceration and Asian American participation in World War II from the experience of exclusion, violence, and racism to the social and political activism of the late twentieth century. The authors explore many of the key aspects of the Asian American experience including politics, economy, intellectual life, the arts, education, religion, labor, gender, family, urban development, and legal history.

The American Homefront During WWII C. D. Peterson, 2024-09-30 Captures the transformation of America during WWII, highlighting daily life, wartime economy, and the profound patriotism that united the nation. Don't you know there's a war on? Use it up. Wear it out. Make it do. Or do without. Loose lips sink ships. Any bonds today? Remember Pearl Harbor. Those were the slogans Americans called out to each other on the home front during WWII. They forged their days surrounded by fellow patriots sharing in the greatest endeavor of their lives: winning the war. The American Home Front in WWII presents the striking story of those times, starting with little-known events well before Pearl Harbor, the clashes between isolationists and those favoring intervention, and America's first peacetime draft. The shock of Pearl Harbor transformed America from a peacetime country to a full wartime economy. Factories produced an airplane every sixty-one minutes. Women and Blacks entered the workforce as never before, bringing about earthshaking changes. Americans describe in their own words the rigors of everyday life: rationing, air raid drills, rigging up black curtains, and scrap drives. But Americans found ways to enjoy themselves; movie attendance swelled with films such as *Casablanca*, while Broadway brought audiences *Oklahoma!* The music of Glen Miller and the voice of a skinny newcomer named Frank Sinatra had Americans swinging and swooning. The American Home Front in WWII brings this story to life to capture the extraordinary level of patriotism and teamwork on the home front. It truly was a time when there were no strangers.
