Washback in Language Testing Liying Cheng, Yoshinori Watanabe, WITH Andy Curtis, 2004-02-04 Washback refers to the influence of language testing on teaching and learning This volume at the important intersection of language testing and teaching practices presents theoretical methodological and practical guidance for current and future washback studies In the field of language testing researchers major interest has traditionally been focused on issues and solving problems inherent in tests in order to increase their reliability and validity However the washback effect goes well beyond the test itself to include factors such as curriculum teacher and learner behaviors inside and outside the classroom their perceptions of the test and how test scores are used Only recently have researchers started to empirically investigate the phenomenon of washback This

volume of such research serves two essential purposes by providing an overview of the complexity of washback and the various contextual factors entangled within testing teaching and learning and presenting empirical studies from around the world that offer insights into the effects of washback in specific educational contexts and models of research on which future studies can be based The extensive use of test scores for various educational and social purposes in society nowadays makes the washback effect a high interest phenomenon in the day to day educational activities of teachers researchers program coordinators directors policymakers and others in the field of education Washback in Language Testing Research Contexts and Methods is a valuable resource for those who are interested in the application of findings to actual teaching and learning situations or conduct washback research in their own contexts including educational and psychological testing experts as well as alternative assessment people in all fields and for policy and decision makers in educational and testing organizations

Controversies in Medium of Instruction Reform Shek Kam Tse,Wing Wah Ki,Mark Shiu Kee Shum,2021-10-25 The book is an in depth and comprehensive analysis of the case of language in education reform and language policy controversies of Hong Kong over the initial two decades after 1997 It is a scholarly monograph of conscientious educators and researchers who have been active during the education reform collaborating with different parties on school development and classroom teaching experiments This book provides a multiple perspective investigation into the education and language matters Besides socio political perspectives this book also emphasizes the frontline educational and practical perspectives The book explores the benefits and effective methods of mother tongue and multi lingual teaching that have emerged in the period Based on the problematic experience of language purism and bifurcation in the reform the book argues for an inclusive multilingual education policy with mother tongue as the core This book provides potential solutions and good practices to tackle the complex issues brought about by medium of instruction policy reforms in post colonial times
