The Devil's Fruit

Dvera I. Saxton, 2021-02-12 *The Devil's Fruit* describes the facets of the strawberry industry as a harm industry and explores author Dvera Saxton's activist ethnographic work with farmworkers in response to health and environmental injustices She argues that dealing with devilish as in deadly depressing disabling and toxic problems requires intersecting ecosocial emotional ethnographic and activist labors Through her work as an activist medical anthropologist she found the caring labors of engaged ethnography take on many forms that go in many different directions Through chapters that examine farmworkers embodiment of toxic pesticides and social and workplace relationships Saxton critically and reflexively describes and analyzes the ways that engaged and activist ethnographic methods frameworks and ethics aligned and conflicted and in various ways helped support still ongoing struggles for farmworker health and environmental justice in California These are problems shared by other agricultural communities in the U S and throughout the world

War

Virtually Roberto J. González, 2024-04-23 A critical look at how the US military is weaponizing technology and data for new kinds of warfare and why we must resist *War Virtually* is the story of how scientists programmers and engineers are racing to develop data driven technologies for fighting virtual wars both at home and abroad In this landmark book Roberto J González gives us a lucid and gripping account of what lies behind the autonomous weapons robotic systems predictive modeling software advanced surveillance programs and psyops techniques that are transforming the nature of military conflict González a cultural anthropologist takes a critical approach to the techno utopian view of these advancements and their dubious promise of a less deadly and more efficient warfare With clear accessible prose this book exposes the high tech underpinnings of contemporary military operations and the cultural assumptions they're built on Chapters cover automated battlefield robotics social scientists involvement in experimental defense research the blurred line between political consulting and propaganda in the internet era and the military's use of big data to craft new counterinsurgency methods based on predicting conflict González also lays bare the processes by which the Pentagon and US intelligence agencies have

quietly joined forces with Big Tech raising an alarming prospect that someday Google Amazon and other Silicon Valley firms might merge with some of the world's biggest defense contractors War Virtually takes an unflinching look at an algorithmic future where new military technologies threaten democratic governance and human survival **Reparative Justice in**

Authoritarian States Brian Wong Yue Shun, 2025-10-30 Wong examines the normative responsibilities of citizens in authoritarian states to address the injustices perpetrated by their governments He challenges prevailing assumptions in political philosophy arguing that certain citizens by virtue of their agency and authorisation of their states bear responsibilities to compensate oppose commemorate or apologise over injustices that take place in such states The book explores the relationship between authoritarian regimes and the citizens who enable or endure them offering a fresh perspective on questions of reparative justice moral agency and accountability in contexts where state actors fail to meet their obligations Drawing upon political philosophy history sociology and international relations it adopts a richly interdisciplinary approach for understanding citizen liability in authoritarian states Case studies encompassing historical examples such as the Soviet Union Indonesia under Suharto South Korea under Park Chung hee through to contemporary cases such as the Iranian Myanmar and Russian states bridge theory and lived experiences illuminating the complex dynamics of justice in non democratic contexts The advancement of a novel General Authorisation View offers original insights that extend beyond authoritarian regimes addressing broader implications of reparative justice for all regime types Posing critical questions about the evolving responsibilities of citizens in shaping just societies this is an indispensable resource for scholars and students of political philosophy international relations and empirical political science as well as those interested in authoritarianism reform in non democratic contexts and global justice **United States Code**, 2013

Preface 2012 edition The United States Code is the official codification of the general and permanent laws of the United States The Code was first published in 1926 and a new edition of the code has been published every six years since 1934 The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress Second session the last of which was signed by the President on January 15 2013 It does not include laws of the One Hundred Thirteenth Congress First session enacted between January 3 2013 the date it convened and January 15 2013 By statutory authority this edition may be cited U S C 2012 ed As adopted in 1926 the Code established prima facie the general and permanent laws of the United States The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy In 1947 Congress began enacting individual titles of the Code into positive law When a title is enacted into positive law the underlying statutes are repealed and the title then becomes legal evidence of the law Currently 26 of the 51 titles in the Code have been so enacted These are identified in the table of titles near the beginning of each volume The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 USC 285b to enact the remainder of the Code on a title by title basis into positive law The 2012 edition of the Code was prepared and published
