that immediately begin addressing problem areas helps readers achieve their priorities and begin living their best lives without a huge disruption or drain of time. Complete with exercises and case studies, *The Balance Equation™* helps those who are ready to live their best lives take action and develop their own personal formula for doing exactly that. American Foundation for Suicide Prevention will receive a portion of the proceeds of each book. Reviews: I've already embraced the concept of micro moves, tiny activities that take almost no time at all. Such as meditate for one minute. I'm not a meditating type person, but for only one minute. Yeah, I can do that. Julie Mayerson Brown, author of top-selling contemporary women's fiction novels. I have just read *The Balance Equation* and I realized how the principles outlined would have been so useful to me when I was high-ranking executive at a major movie studio. In that kind of position, it was almost necessary to be consumed by my job and therefore sacrificing and short-changing so many other aspects of my life. The ideas put forth in the book would have helped my life in a much more healthy, happy, and self-satisfying manner. Barry London, Vice Chairman of Paramount Pictures, retired. Our limited definition of success has created a culture of rudderless ambition. *The Balance Equation* is an invaluable resource, a paradigm shift that trades antiquated notions of success and guides us to truly examine our lives so we can discover new definitions that include not only greater wealth but also optimum health, peace of mind, meaning, purpose, and service to others. Alan Watt, founder of L.A. Writers Lab and bestselling author of *The 90 Day Novel*.
