same man that terrorized Scotland months before When that connection is made they invite the Scottish police to join them and a task force is set up between the remaining detectives from Glasgow and the detectives in New York Perhaps by working together they will be able to stop this madness But no the killer continues to goad them murder their citizens and outwit them at every turn his twisted sense of humor intact throughout As we move on in the story readers find that even a sadistic genius killer can find love the last thing he expected to happen In another of many plot twists a woman whom he had planned to torture and murder is lured to the killer s house She works as a high priced escort and believes that he is just another client However when a strange connection to one another brings them closer together he begins to wonder if it is possible even for him to lead a more normal life However as the murders continue a series of clues are left behind with a nudge from the suspect for the detectives to try and figure out Might the information finally tell the investigators the one responsible for these horrendous acts of mayhem However even when the joint task is finally able to discover his ident
