ANALYZING POETRY

WORKSHEET

Poetry is a literary work in which special intensity is given to the expression of feelings and ideas by the use of distinctive style and rhythm.

BED IN SUMMER

Winter I get up at night
And dress by yellow candle light.
In Summer, quite the other way,
I have to go to bed by day.
I have to go to bed and see
The birds still hopping on the tree,
Or hear the grown-up people's feet
Still going past me in the street.
And does it not seem hard to you,
When all the sky is clear and blue,
And I should like so much to play,
To have to go to bed by day?

Embedding Questions National Research Council, Division of Behavioral and Social Sciences and Education, Board on Testing and Assessment, Committee on Embedding Common Test Items in State and District Assessments, 1999-11-17

Policy makers are caught between two powerful forces in relation to testing in America s schools One is increased interest on the part of educators reinforced by federal requirements in developing tests that accurately reflect local educational standards and goals The other is a strong push to gather information about the performance of students and schools relative to national and international standards and norms The difficulty of achieving these two goals simultaneously is exacerbated by both the long standing American tradition of local control of education and the growing public sentiment that students already take enough tests Finding a solution to this dilemma has been the focus

of numerous debates surrounding the Voluntary National Tests proposed by President Clinton in his 1997 State of the Union address. It was also the topic of a congressionally mandated 1998 National Research Council report *Uncommon Measures: Equivalence and Linkage Among Educational Tests* and was touched upon in a U.S. General Accounting Office report *Student Testing Issues Related to Voluntary National Mathematics and Reading Tests*. More recently, Congress asked the National Research Council to determine the technical feasibility, validity, and reliability of embedding test items from the National Assessment of Educational Progress or other tests in state and district assessments in 4th grade reading and 8th grade mathematics for the purpose of developing a valid measure of student achievement within states and districts and in terms of national performance standards or scales. This report is the response to that congressional mandate.

Supplement** National Council of Teachers of English, 1975 Validated Practices for Teaching Students with Diverse Needs and Abilities Susan Peterson Miller, 2002

Dedicated to research-based practices only as opposed to opinion-based practices, this text provides in-depth coverage of validated methods that may be applied to teaching across all the content areas. The authors emphasize effective teaching behaviors regardless of the content being taught. This book helps bridge the research-to-practice gap and includes *Less is More Approach*. Limiting content to validated practices results in more thorough descriptions of the selected practices than what is typically found in methods books.

Models The organizational structure of the book reflects the sequential process involved in effective teaching and learning: i.e. Planning Instruction, Delivering Instruction, and Evaluating Student and Teacher Performance. Formative review questions are provided after Chapters 3, 7, and 10, and a summative review is provided after Chapter 10 to promote synthesis and retention of important concepts. Each chapter is organized to model effective pedagogy.

Overarching Themes The content is grounded in overarching themes: i.e. student diversity, importance of quality instruction, technology applications, and career-long learning among teachers that reflect accurate understandings of current school contexts.
