Awakening and Insight Polly Young-Eisendrath, Shoji Muramoto, 2003-09-02 Buddhism first came to the West many centuries ago through the Greeks who also influenced some of the culture and practices of Indian Buddhism As Buddhism has spread beyond India it has always been affected by the indigenous traditions of its new homes When Buddhism appeared in America and Europe in the 1950s and 1960s it encountered contemporary psychology and psychotherapy rather than religious traditions Since the 1990s many efforts have been made by Westerners to analyze and integrate the similarities and differences between Buddhism and its therapeutic ancestors particularly Jungian psychology Taking Japanese Zen Buddhism as its starting point this volume is a collection of critiques commentaries and histories about a particular meeting of Buddhism and psychology It is based on the Zen Buddhism and Psychotherapy conference that took place in Kyoto Japan in 1999 expanded by additional papers and includes new perspectives on Buddhism and psychology East and West cautions and insights about potential confusions traditional ideas in a new light It also features a new translation of the conversation between Shin ichi Hisamatsu and Carl Jung which took place in 1958 Awakening and Insight expresses a meeting of minds Japanese and Western in a way that opens new questions about and sheds new light on our subjective lives It will be of great interest to students scholars and practitioners of psychotherapy psychoanalysis and analytical psychology as well as anyone involved in Zen Buddhism

Science Awakening I B. L. Van Der Waerden, 2012-12-06 Soon after the publication of my *Ontwakende Wetenschap* the need for an English translation was felt We were very glad to find a translator fully familiar with the English and Dutch languages and with mathematical terminology The publisher Noordhoff had the splendid idea to ask H G Beyen professor of archeology for his help in choosing a nice set of illustrations It was a difficult task The illustrations had to be both instructive and attractive and they had to illustrate the history of science as well as the general background of ancient civilization The publisher encouraged us to find better and still better illustrations and he ordered photographs from all over the world with never failing energy and enthusiasm Mr Beyen's highly instructive subscriptions will help the reader to see the inter relation between way of living art and science of the ancient world Thanks are due to many correspondents who have suggested additions and pointed out errors Sections on Astrolabes and Stereographic Projection and on Archimedes construction of the heptagon have been added The sections on Perspective and on the Anaphorai of Hypsicles have been enlarged In the second English edition I have incorporated an important discovery of P Huber which sheds new light upon the role of geometry In Babylonian algebra see p 73 The section on Heron's Metrics see p 277 was written anew following a suggestion of E M Bruins Zurich 1961 B L

Zongmi on Chan Jeffrey L. Broughton, 2009 Japanese Zen often implies that textual learning *gakumon* in Buddhism and personal experience *taiken* in Zen are separate but the career and writings of the Chinese Tang dynasty Chan master Guifeng Zongmi 780 841 undermine this division For the first time in English Jeffrey Broughton presents an annotated translation of Zongmi s magnum opus the Chan Prolegomenon along with translations of his Chan Letter and Chan Notes The Chan Prolegomenon persuasively argues that Chan axiom realizations are identical to the teachings embedded in canonical word and that one who transmits Chan must use the sutras and treatises as a standard Japanese Rinzai Zen has since the Edo period marginalized the sutra based Chan of the Chan Prolegomenon and its successor text the Mind Mirror Zongjinglu of Yongming Yanshou 904 976 This book contains the first in depth treatment in English of the neglected Mind Mirror positioning it as a restatement of Zongmi s work for a Song dynasty audience The ideas and models of the Chan Prolegomenon often disseminated in East Asia through the conduit of the Mind Mirror were highly influential in the Chan traditions of Song and Ming China Korea from the late Koryo onward and Kamakura Muromachi Japan In addition Tangut language translations of Zongmi s Chan Prolegomenon and Chan Letter constitute the very basis of the Chan tradition of the state of Xixia As Broughton shows the sutra based Chan of Zongmi and Yanshou was much more normative in the East Asian world than previously believed and readers who seek a deeper more complete understanding of

the Chan tradition will experience a surprising reorientation in this book Awakening The Slumbering Spirit John Loren Sandford, Paula Sandford, Lee Bowman, 2012-09-20 Have you ever longed to do something great for God but lacked the ability to put feet to your longings Have you tried to overcome your lack of passion for God or the things of God but felt harnessed by spiritual lethargy Do you want to impact your world for God This book unveils the possibility that your own inner spirit may be slumbering unfocused even apathetic because of unresolved spiritual issues It shows how this can affect your conscience or hinder you from building and sustaining personal relationships intimate communication and devotional life As you read this uniquely written book you will find life transforming principles for allowing the Holy Spirit to awaken your personal spirit and help you learn to walk confidently in the nature and image of Christ **Foundations of a Global Spiritual Awakening** Edgar John Burns, 2003-06-27 Blood Thick red still I shivered in spite of the comfortable temperature in the room Staring fixedly at the ooze I watched the edges curl inward as if it were trying to remove itself from the white linoleum embarrassed by its own unseemly appearance Except for the blood all was normal in the primate biology lab of Loma University Situated in upscale San Larimor the campus s property nestles in the rolling hills just northwest of Los Angeles renowned for stately Mediterranean style mansions and frequent celebrity sightings San Larimor Police Detective Cate Blaine becomes embroiled in a puzzle of blood a missing security guard and a deadly chase against time While searching for the answers to the case Cate is searching for clues to solving her own inner battle dealing with the senseless loss of her son and husband As she moves between the real world of crime and the inner chaos of her emotions she is in jeopardy of loosing her job and her sanity Thrown into an unwelcome partnership with LU s Private Security chief Sloane Stevens Cate fights the impulse to keep case details from the blue eyed ex cop when The flashlight reflecting off the industrial plastic made Stan s face and body just visible Blank eyes stared back at us a silent scream contorting his features Sloane s involvement proves almost too much as Cate races against time murders and the possibility of her safety
