Books in Print 2002 Marian Butler, 2002-02 *Back in the Spaceship Again* Karen Sands-O'Connor, Marietta Frank, 1999-08-30 Much literature for children appears in the form of series in which familiar characters appear in book after book In the late nineteenth and early twentieth century authors began to write science fiction series for children These early series generally had plots that revolved around inventions developed by the protagonist But it was the development and use of rocket and atomic science during World War II that paved the way for interesting and exciting new themes conflicts and plots While much has been written about the early juvenile science fiction series particularly the Tom Swift books comparatively little has been written about children's science fiction series published since 1945 This book provides a broad overview of this previously neglected topic The volume offers a critical look at the history themes characters settings and construction of post 1945 juvenile science fiction series including the A I Gang the Animorphs Commander Toad Danny Dunn Dragonfall Five the Magic School Bus and Space Cat The book begins with an introductory history of juvenile science fiction since 1945 with chapters then devoted to particular topics Some of these topics include the role of aliens and animals attitudes toward humor the absence and presence of science and the characterization of women A special feature is an appendix listing the various series In addition the volume provides extensive bibliographical information *Wolves and the Wolf Myth in American Literature* S.K. Robisch, 2009-05-28 The wolf is one of the most widely distributed canid species historically ranging throughout most of the Northern Hemisphere For millennia it has also been one of the most pervasive images in human mythology art and psychology *Wolves and the Wolf Myth in American Literature* examines the wolf's importance as a figure in literature from the perspectives of both the animal's physical reality and the ways in which writers imagine and portray it Author S K Robisch examines more than two hundred texts written in North America about wolves or including them as central figures From this foundation he demonstrates the wolf's role as an archetype in the collective unconscious its importance in our national culture and its ecological value Robisch takes a multidisciplinary approach to his study employing a broad range of sources myths and legends from around the world symbology classic and popular literature films the work of scientists in a number of disciplines human psychology and field work conducted by himself and others By combining the fundamentals of scientific study with close readings of wide ranging literary texts Robisch astutely analyzes the correlation between actual living wolves and their representation on the page and in the human mind He also considers the relationship between literary art and the natural world and argues for a new approach to literary study an ecocriticism that moves beyond anthropocentrism to examine the complicated relationship between humans and nature *Children's Books in Print* R R Bowker Publishing, Bowker, 1999-12 *The Publishers Weekly*, 2001 [The Hidden \(Animorphs #39\)](#) K. A. Applegate, 2017-08-29 The Yeerks have discovered and repaired a damaged Helmacron ship They know of its morph

seeking capabilities and they plan to use the ship to capture the Andalite bandits And to find Elfangor s blue cube The one that gave the kids the ability to morph Cassie and the other Animorphs are in a pretty bad situation They can t leave the cube in one place they can t morph without being discovered and they have to keep moving It looks like this may be a battle the Visser can t lose *The Forgotten (Animorphs #11)* K. A. Applegate,2017-06-27 There s been an accident Someone crash landed a Yeerk Bug fighter and the Yeerks have been trying to cover it up quickly When Tobias spots it before they get the chance the Animorphs decide to steal the ship to show the world that Earth has been invaded That s when things go terribly wrong Before they know it Jake and the other Animorphs find themselves in another place Another time And there s no way home **School Library Journal** ,1997 **Visser (Animorphs)** K. A. Applegate,2018-03-27 Her human name is Eva There was a time when she had a loving husband and a son Marco When she had a wonderful career But that was before she was infested by Edriss 562 Before the invasion of Earth Now Edriss 562 lives in Eva s head and controls her every movement And through Eva Edriss has become the highest ranking general in the Yeerk empire surpassing even her arch rival Visser Three She is Visser One But it has become known that Visser One s tactics for attaining her current position were less than acceptable even to the Yeerks Now she s on trial for treason If she s found innocent she ll continue to rule But if she s found guilty she ll lose her life and possibly the life of her host Eva Which will mean that Marco will never ever see his mother again *The Journey (Animorphs #42)* K. A. Applegate,2017-08-29 Sometimes your worst problems are the ones you can t actually see Like the Helmacrons These less than an inch high aliens are back and they want the morphing cube more than ever Obviously Rachel and the other Animorphs can t let them take the cube But when Rachel tries to stop the Helmacrons from stealing it Marco gets in the way and ends up with tiny aliens well up his nose Rachel and the others can t let the Helmacrons stay inside Marco s head They re armed and could cause serious damage So the Animorphs come up with a plan to evict the Helmacrons from their new residence But it involves a shrinking ray and the obvious Marco s nose **The Change (Animorphs #13)** K. A. Applegate,2017-06-27 Tobias has gotten used to his new life He s a red tailed hawk with the mind of a kid It was difficult when he first became trapped in his morph but he s started to come to terms with things After all how many kids actually get the chance to fly But now Tobias is about to make a very difficult choice a choice that the other Animorphs know nothing about And it could mean the difference between living the rest of his life as a hawk and being human **The Diversion (Animorphs #49)** K. A. Applegate,2017-09-26 The Yeerks are finally starting to realize that the Andalite bandits are probably not aliens at all That maybe they ve been dealing with humans all along And no one especially the newly appointed Visser One is happy about this revelation When Tobias and the other Animorphs realize that the Yeerks are about to find them it s by accident But that doesn t make the discovery any less serious Because in a war one side wins and one side loses
