**The Ultimate Guide to College Safety** Peter J. Canavan, 2018-08-29 New college students are led to believe that sharing personal information and freely expressing their opinions on social media is expected and their right to free speech What they fail to understand is that any information they reveal may be used to steal their identity prevent them from being hired and possibly even get them hurt or killed It is well known that college is a time for learning experiencing and growing as a person but it is little understood that it is also the point in time when students form relationships political beliefs attitudes and habits that will shape them for the rest of their lives The influence of their friends teachers and the social and political climate on campus are huge factors in their development both good and bad Understanding and learning can help parents assist their sons and daughters avoid future pitfalls and grow up to be successful productive members of society There is nothing more important than your

personal safety and the safety of your family Safety has become the highest priority for students parents educators and administrators However the educational tools and reference guides that contain this essential information for them is lacking since most safety material focuses on the school itself and public safety professionals not the individual Today s college students face threats to their personal safety that generations before did not have to deal with New problems exist in both the digital world and the physical world and can be harmful or even deadly Thinking a problem won t happen to you will not make it any less likely The solution is to be aware of what threats exist learn how to protect yourself and know what steps to take should a problem arise to you or around you You can give your child the most comprehensive resource ever compiled about how to stay safe in both the physical world and digital world This will help ensure that students are made aware of the various threats to their personal safety that exist both online and offline so they will ultimately be safer during their college years and beyond The author has worked as an information technology consultant since 1995 a self defense instructor for over 20 years and is a former university public safety professional He is fully qualified to educate students and others based on decades of knowledge that has been distilled into this comprehensive book Topics include defining safety concerns safety awareness establishing personal boundaries routines comfort zones problem roommate s bullying cyberbullying hazing the dangers of mixing alcohol and energy drinks cyber security online safety social media cell phone safety phishing scams identity theft active shooter preparedness defensive actions viruses malware and ransomware physical threat self defense safe dating sexual harassment alcohol drugs and prescription medication abuse party bar club safety caffeine and energy drinks travel safety both on campus and semesters abroad credit card and ATM safety dorm room safety fires electrical cooking outside threats personal safety alarms and apps building confidence developing a never quit attitude health fitness nutrition hygiene Get the next best thing to being there for your child when they are away from home and your protection

Stolen Lives John D. Sileo, 2006-03 Will Your Life Get Stolen Not if you learn to think like a spy Preventing identity theft is quick and easy if you make privacy an everyday habit Think like a spy and discover how to Save time and money by using common sense solutions Protect your trash mail computer wallet home brain Be safer by using a step by step prevention calendar Prioritize prevention to protect the most important data first Evaluate risky situations and scams before they bite Simplify your identity and your life Implement a backup plan to guarantee financial health Access free prevention and recovery resources John Sileo experienced Stolen Lives firsthand In 2003 he was the victim of two separate forms of identity theft with a total dollar impact of 300 000 During a two year fight to recover his reputation and credit John became an expert at ID theft prevention and mitigation strategies He speaks professionally to associations corporations and consumers on issues of identity theft data security and privacy Learning to think like a spy could save you thousands of dollars and hundreds of wasted hours Don t wait **How to Get Out of Credit Card Debt** HowExpert, Norbert Jones, 2016-08-29 If you want to get out of credit card debt fast then get this book Credit card debt is a form of unsecured debt taken from a financial

tool usually credit cards These credit card debts are generated when credit card holder purchases products from these cards and accumulates due to the interest charged on it Difficulty arises because people are not able to repay their loans effectively or in time When a card holder is unable to pay his debts he is declared as defaulter In this book Living with Credit Card Debts we are looking at how we can overcome the obstacle we often face when it comes to managing our credit cards The basic ideas discussed in the book are as follows Plan your financial life Financial problems are something most of us will have to manage eventually in life In order to cope with the pressure that may arise we need to have a proper financial plan and even financial goals Credit card ratings and debts We need to know what we should do and not be overburdened by debts Study of financial management We should make money work for us and not the other way round We should have control of our money and not money have controls over us Avoid bad debt This may be as a result of poor privatization that may make us go for what we do not necessarily need HowExpert publishes quick how to guides on all topics from A to Z by everyday experts
