Andrew Jackson and the Nullification Crisis, Indian Removal and the Bank War Amanda Guay, 2006-12-08 Essay from the year 2006 in the subject Economics History grade 100% University College of Bangor language English abstract Andrew Jackson may or may not have been a good president this depends upon one s opinion Perhaps he was right on some issues and perhaps he was wrong but either way he was definitely effective as a president He knew how to manipulate and persuade to get whatever it was that he

wanted After all he managed to get elected into office for both terms Probably the biggest crisis of Jackson s presidency started when South Carolina announced that they opposed the tariffs leveled in 1828 and 1832 by Jackson supporters Nullifiers thought that a state could nullify a federal law within its own borders if it so desired When South Carolina led by John C Calhoun announced its intention to nullify the tariffs in the fall of 1832 it touched off what almost developed into a civil war as Jackson massed military resources on the state s borders Finally resolved in the spring of 1833 when South Carolina agreed to a new more fair tariff passed by Congress And so President Jackson has his way **AP U.S. History**
