

Welcome to

Animal Crossing

The image is a vibrant, cartoonish illustration of the Animal Crossing City Folk title screen. In the foreground, two young human characters, a boy and a girl, are peeking over a large green bush. The boy is on the left, wearing a red t-shirt with a white number '1' and blue shoes. The girl is on the right, wearing a yellow and red checkered dress and red shoes. In the background, a lush green town is visible under a blue sky with colorful balloons. Various anthropomorphic animals are scattered throughout the scene: a squirrel, a bird, a rabbit, a dog, a cat, and a pig. A large wooden sign with a clock face at the top reads 'Welcome to Animal Crossing'. Below the sign, a smaller wooden sign reads 'CITY FOLK'. The overall style is bright and cheerful, typical of the Animal Crossing series.

City of the Good Michael Mayerfield Bell, 2020-04-28 How we came to seek absolute good in religion and nature and why that quest often leads us astray People have long looked to nature and the divine as paths to the good In this panoramic meditation on the harmonious life Michael Mayerfeld Bell traces how these two paths came to be seen as separate from human ways and how many of today's conflicts can be traced back thousands of years to this ancient divide Taking readers on a spellbinding journey through history and across the globe Bell begins with the pagan view which sees nature and the divine as entangled with the human and not necessarily good But the emergence of urban societies gave rise to new moral concerns about the political character of human life Wealth and inequality grew and urban people sought to justify their passions In the face of such concerns nature and the divine came to be partitioned from the human and therefore seen to be good but they also became absolute and divisive Bell charts the unfolding of this new moral imagination in the rise of Buddhism Christianity Daoism Hinduism Jainism and many other traditions that emerged with bourgeois life He follows developments in moral thought from the religions of the ancient Sumerians Greeks and Hebrews to the science and environmentalism of today along the way visiting with contemporary indigenous people in South Africa Costa Rica and the United States *City of the Good* urges us to embrace the plurality of our traditions from the pagan to the bourgeois and to guard against absolutism and remain open to difference and its endless creativity
