Diary of Anne Frank

Having to read the Diary of Anne Frank in my english class has changed my life so much. Some people like to take life for granted while others take it seriously while they're here. Being able to read and somewhat understand the hard life of an innocent 13 year old girl has allowed me to understand that it's time to be serious about everything now.

To begin, the Diary of Anne Frank was a diary that was personally wrote and edited by Anne Frank herself. Throughout the diary, she described the key points day by day in her life leading up to her captivity. Anne Frank's diary has helped me so much because it made me start asking myself questions. I never really could understand why an entire government would want to kill millions of people just because of the religion they practice and because their physical appearances were different from theirs. The way the jews and the other people were treated was not fair.

On the other hand, this diary has changed my life because I think of Anne Frank like myself; she was a teenager, she liked to talk, she had big dreams, and she had a big mouth that could sometimes get her in trouble. Being able to relate to what she had been through kind of made me feel it spiritually. Anne always wrote something positive in her diary even on the tough and scary days. Through all of the rough times, Anne had always reminded herself that there was good in the world. Reading her positive words knowing that she was hiding from the Nazis with seven other people in a tight space was very surprising to me. The second time I read her diary made me want to strive to see the world the way Anne saw it. Every time I feel like something is going wrong in my life, I refer to Anne's diary to remind me that despite the ugliest, there's always beauty in the world.

In conclusion. Anne Frank's diary will always be a great reference for me whenever I'm in need for some positive words. She has inspired me into becoming a better person than what I am today. Despite all of the hardships Anne had to face while living in the annex, she never went a day without writing in her diary. Anne has inspired me to try and make my environment a better place so I can prevent a catastrophic event like the Holocaust from happening in my community.

to you for having bought this book Let's face it in the world of today we're all rushing about endlessly around helter skelter to fulfil our day to day activities in meeting our growing needs fads and fantasies that we simply have lesser time to spend thinking about sitting through an essay or letter that is prioritized as homework As an English teacher and lecturer I've always had students asking me for help with English homework specifically related to ideas and just what to write about in essays and how to go about the whole process Most students find it comfortable to work with sample or model essays these days Needless to say there are zillions of ideas on the internet and Google will simply spill vast ideas on essay and letter writing in a jiffy There are sites which will give you essay samples at a consistent price unasked for that most students may not wish to pay for NOTHING is actually free And so is this book too In school boarding school those days teachers would give us a 1000 or more worded essay for homework and of course give us ample time for research and reading Internet and smart technology were unheard of we had the radio and colour TV then for entertainment and ideas however Gosh do I sound so old I'm just about half a century only And so to cut the long story short I wish to make English language learners HAPPIER with the models I've written here I hope that in reading this book you would have an idea as to present better writing and learn to work with bullet points and questions No teacher likes the idea of plagiarism as would anyone else As always use your own ideas facts and fantasies and flow of thoughts besides playing around with words to build your own masterpiece Enter your own world of imagination Make believe and believe you can make it Take a break a breather and then come back to where you've left off Best of luck with good wishes in moving forward with writing Kind regards Yours truly Kesh Genga

Essays in Migratory Aesthetics, 2015-06-29 This volume addresses the impact of human movement on the aesthetic practices that make up the fabric of culture The essays explore the ways in which cultural activities ranging from the habitual gestures of the body to the production of specific artworks register the impact of migration from the forced transportation of slaves to the New World and of Jews to the death camps to the economic migration of peoples between the West and its erstwhile colonies from the internal and external exile of Palestinians to the free movement of cosmopolitan intellectuals Rather than focusing exclusively on art produced by those identified as migrant subjects this collection opens up the question of how aesthetics itself migrates transforming not only its own practices and traditions but also the very nature of our being in the world as subjects producing as well as produced by the cultures in which we live The transformative potential of cultures on the move is both affirmed and critiqued throughout the collection as part of an exploration of the ways in which globalisation implicates us ever more tightly in the unequal relations of production that characterise late modernity This collection brings academic scholars from a variety of disciplines into conversation with practising visual and verbal artists indeed many of the essays break down the distinction between artist and academic suggesting a dynamic interchange between critical reflection and creativity
