Anniversary Speeches For Parents:

Just How Far from the Apple Tree? John S. Peale, 2012-08-28 For the only son of the famous preacher and author Norman Vincent Peale life was not without its challenges In this memoir John S Peale shares his story one of love tension and resentment Life in the shadow of a famous father became a long and heartfelt struggle to become his own man Despite the difficulties he faced he found a way to thrive and make his own way After a long and distinguished career as a professor of philosophy he became a scholar of religion in China He was actively involved in church and community His has been a successful road but it wasn't always an easy one Tensions between the famous father and his son created darkness and despair While the two loved each other their relationship was strained at best Due to John's strength of character and willful endurance he was able to move beyond a sense of unworthiness to embrace that he is indeed a talented and giving man Now in his seventies John with his warm and positive smile emulates Confucius At seventy I could give my heart and mind free rein without overstepping the mark Although the story of a famous parent causing resentment and isolation from a son or daughter is not unfamiliar John seeks to inspire others in similar situations to have hope and faith in their own abilities and identity
