

First-person narrator personifies the poem and makes it seem more real.

London
This sounds purposeless - could reflect how he feels powerless to change what's happening.

I wander thro' each charter'd street,

suggests the whole city is affected, not just one area.

Near where the charter'd Thames does flow,

even powerful, natural features like the River Thames are under human control and affected by the city's problems.

And mark in every face I meet

Marks of weakness, marks of woe.

The speaker hears various distressing noises - makes this seem like a vivid, hellish experience

means notice but also suggests everyone he sees is marked by experience

Repetition emphasises feeling of bleakness - despair affects everyone and there's no relief from it.

In every cry of every Man,

In every Infants cry of fear,

In every voice: in every ban,

The mind-forg'd manacles I hear

People are trapped in every way, even by thoughts and attitudes

Seems to be angry at all forms of power - describing the church as blackening could suggest that it is corrupt or tarnished by its failure to look after people. Grim visual image of the ugliness caused by the industrial revolution.

How the Chimney-sweepers cry

Every blackning Church appalls,

And the hapless Soldiers sigh

Runs in blood down Palace walls

Chimney sweepers usually young boys - emotive image of child labour.

Might be a reference to the French Revolution - sounds like he thinks ordinary people suffer while those in the Palace are protected behind walls.

Contrast between innocence of youth and savagery of prostitution

But most thro' midnight streets I hear

How the youthful Harlots curse

Blasts the new-born Infants tear

Hears the prostitutes swearing but he might also mean they are a curse on London.

The innocence of newborn babies is lost immediately - society damages it's members

And blights with plagues the Marriage hearse

Oxymoron - links the happy image of marriage with death. suggests everything has been destroyed - used to show how everything is affected and nothing pure or innocent remains.

Powerful language of illness and disease. Destruction is implied by 'blights' and 'plagues' hints at something that's uncontrollable and destined to affect lots of people.

Expanding Approaches to Thematic Analysis Jennifer R. Wolgemuth, Kelly W. Guyotte, Stephanie Anne Shelton, 2024-08-01 Expanding Approaches to Thematic Analysis Creative Engagements with Qualitative Data springboards readers into a world where generating themes from qualitative data is a creative experimental and wondrous process While no one ever said it had to be thematic analysis is invariably described as a step by step process that involves coding Yet qualitative data analysis is more than a technical procedure it invokes imagination and inspiration intuitional engagements that are as vital to the data analysis process as they are difficult to describe This edited book begins with two premises 1 there is more than one way to theme data and 2 qualitative researchers do not have to code to get to themes Each chapter introduces readers to a different approach to thematic analysis explores that approach's theoretical and disciplinary roots and illustrates how that approach can be used to generate themes Approaches include annotating memoing storying writing composing poems artmaking meditating and more expanding conceptualizations of what themes and thematic analysis can be The book also includes methodologies in action helpful examples of creative theming from doctoral students and early career scholars This book is as much a provocation for engaging thematic analysis beyond without in addition to coding as it is a resource for anyone interested in the rationale justification and examples for doing so As such it is a source of inspiration for any qualitative student researcher and scholar who wishes to expand their repertoire of approaches to thematic analysis

McAuley, 2019-12-02 For the monumental Poetry Competition in Six Hundred Rounds Roppyakuban uta awase twelve poets each provided one hundred waka poems fifty on seasonal topics and fifty on love which were matched critiqued by the participants and judged by Fujiwara no Shunzei the premiere poet of his age Its critical importance is heightened by the addition of a lengthy Appeal chinj against Shunzei's judgements by the conservative poet and monk Kensh It is one of the key texts for understanding poetic and critical practice in late twelfth century Japan and of the conflict between conservative and innovative poets The Competition and Appeal are presented here for the first time in complete English translation with accompanying commentary and explanatory notes by Thomas McAuley **The Penn Commentary on Piers Plowman, Volume 2** Ralph Hanna, 2017-03-15 The first full commentary on Piers Plowman since the late nineteenth century the Penn Commentary places the allegorical dream vision of Piers Plowman within the literary historical social and intellectual contexts of late medieval England and within the long history of critical interpretation of the poem assessing past scholarship while offering original materials and insights throughout The authors line by line section by section and passus by passus commentary on all three versions of the poem and on the stages of its multiple revisions reveals new aspects of the work's meaning while

assessing and summarizing a complex and often divisive scholarly tradition The volumes offer an up to date original and open ended guide to a poem whose engagement with its social world is unrivaled in medieval English literature and whose literary religious and intellectual accomplishments are uniquely powerful The Penn Commentary is designed to be equally useful to readers of the A B or C texts of the poem It is geared to readers eager to have detailed experience of Piers Plowman and other medieval literature possessing some basic knowledge of Middle English language and literature and interested in pondering further the particularly difficult relationships to both that this poem possesses Others with interest in poetry of all periods will find the extended and detailed commentary useful precisely because it does not seek to avoid the poem s challenges but seeks instead to provoke thought about its intricacy and poetic achievements Volume 2 by Ralph Hanna deliberately addresses the question of the poem s perceived difficulty by indicating the legitimate areas of unresolved dilemmas while offering often original explanations of a variety of textual loci Perhaps more important his commentary indicates what has not always appeared clear in past approaches that the poem only means in its totality and within some critical framework and that its annotation needs always to be guided by a sense of Langland s developing arguments
