The CCL Handbook of Coaching Sharon Ting, Peter Scisco, 2012-06-14 Coaching is vital to developing talent in organizations and it is an essential capability of effective leaders. The CCL Handbook of Coaching is based on a philosophy of leadership development that the Center for Creative Leadership has honed over thirty years with rigorous research and with long rich experience in the practice of leadership coaching. The book uses a coaching framework to give a compass to leaders who are called to coach as a means of building sustainability and boosting performance in their organizations. The book explores the special considerations that leader coaches need to account for when coaching across differences and in special circumstances describes advanced coaching techniques and examines the systemic issues that arise when coaching moves from a one to one relationship to a developmental culture that embraces entire organizations.

The CCL Guide to Leadership in Action Martin Wilcox, Stephen Rush, 2015-08-11 The Center for Creative Leadership CCL is the world's premier institution devoted exclusively to leadership research and education. For more than three decades CCL has worked with hundreds of thousands of executives to create practical models, tools, and publications for the development of effective leaders and organizations. This important collection is drawn from CCL's long running publication *Leadership in Action*. Leadership Coaching Center for Creative Leadership (CCL), Douglas Riddle, 2011-07-20 Leadership in the top management ranks is often an isolated business. Many managers recognize that to focus their personal development plans they need the uninterrupted time and attention of a skilled, objective facilitator. This guidebook is for managers who are considering leadership coaching as a tool in their personal leadership development. It describes what leadership coaching is and can help you decide whether it is appropriate for your situation. You'll also learn how to locate and select a qualified

coach with the professional and personal credentials and characteristics that match your development needs so that you can achieve the goals you've set

Using Your Executive Coach Center for Creative Leadership (CCL), Wayne Hart, Karen Kirkland, 2011-08-17 If you are a manager or executive who is beginning a coaching engagement or who is considering a developmental plan that calls for an executive coach you need more than a desire to improve your leadership capabilities. You also need to understand how to get the most from your work with a professional coach. This guide can help you to understand the unique nature of a coaching engagement and to assess your readiness to embark on this method of professional development. The book describes the three main elements of a coaching engagement: assessment, challenge, and support, and provides information on how you can collaborate with your coach in each of these aspects to get the maximum benefits from coaching. You will also learn how to recognize and overcome your resistance to the disruption and discomfort brought about by the behavioral changes that coaching addresses.
