Answer Key For Operations Management 10th Edition:

Operations and Supply Chain Management Roberta S. Russell, Bernard W. Taylor, 2019-09-24 Russell and Taylor's *Operations and Supply Chain Management* 10th Edition is designed to teach students understand how to create value and competitive advantage along the supply chain in a rapidly changing global environment. Beyond providing a solid foundation, this course covers increasingly important OM topics of sustainability, corporate social responsibility, global trade policies, securing the supply chain, and risk and resilience. Most importantly, *Operations Management Tenth Edition* makes the quantitative topics easy for students to understand and the mathematical applications less intimidating. Appropriate for all business students, this course takes a balanced approach to the foundational understanding of both qualitative and quantitative operations management processes.
