A GUIDE TO BEING AN EXTRAORDINARY STUDENT Jeremia Lelosa, Mahlodi Kgatle, Morongwa Maifo, Sibusiso Gama, Treasure Mokalapa, Tieho Hans, 2017-03-04 This is an inspirational and motivational book for students at University and or College as well as those who have aspirations of furthering their studies at university and or college post matric The contributors from various institutions of higher learning in South Africa share their secrets to success in this collection of experiences The contributors share their philosophies of success they share strategies they have employed which managed to assist them in graduating Students in particular junior students will benefit immensely from the comprehensive coverage of core study skills and learning strategies presented in a straightforward and relatable manner The book also helps students avoid academic exclusion and inspires them to achieve academic excellence However this book does not only cover academic success It also covers leadership and entrepreneurship which are necessary elements in today s fast and changing world Unlike any other student success guide books that are currently on the market this book is unique and offers a broad perspective from many students Again the book is written by people with a lived experience It offers an insider view This book was written by leaders of Faculty of Best Advisory FBA published and is distributed by Club Readership **Corrupted** Jonathan D Jansen, 2023-02-01 In South African higher education the images of dysfunction are everywhere Student protests Violence Police presence Rubber or real bullets Class disruptions Burning tyres Damaged buildings Injury and sometimes death Reports of wholesale corruption Year after year often in the same set of universities the problem of routine instability seems insoluble The financial academic and reputational costs of ongoing dysfunction are high especially for those universities caught up in the never ending struggle to overcome apartheid legacies Any number of explanations have been ventured including a lack of resources shortage of capacity rural location corrupt officials and endemic conflict *Corrupted* takes a deeper look at dysfunction in an attempt to unravel the root causes in a sample of South African universities At the heart of the problem lies the vexed issue of resources or more pertinently the relationship between resources and power who gets what and why Whatever else it aspires to be commonly a place of teaching learning research and public duty a university in an impoverished community is also a rich concentration of resources around which corrupt staff students and those outside of campus all vie for access Taking a political economic approach Jonathan Jansen describes the daily struggle for institutional resources and offers accessible sensible insights He argues that the problem won t be solved through investments in capacity building alone because the combination of institutional capacity and institutional integrity contributes to serial instability in universities Rather durable solutions would include the depoliticisation of university councils and appointments of academics with integrity and capacity to manage and lead these fragile institutions This groundbreaking and long overdue study will offer a promising way forward for universities to better serve their communities and the country more broadly *Student Retention and Success in Higher Education* Mahsood Shah, Sally Kift, Liz

Thomas,2021-09-15 This book draws together international research to assess the quality of successful efforts to retain students The editors and contributors unite diverse global research from countries who have led student retention and success projects at national institutional faculty or program level with positive outcomes The book is underpinned by the philosophy that a more diverse student population requires higher education institutions to fundamentally change in order to facilitate the success of all students All of humanity its economies and societies are being pummelled by waves of pandemic induced crises in tandem with globalisation and demographic shifts Ultimately this book acts as a clarion to higher education institutions to better support and retain their students in order to create a more stable learning environment *Legal*
