Advancing Africa's Sustainable Development Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

Public Administration in Ethiopia Bacha Kebede Debela, Geert Bouckaert, Meheret Ayenew Warota, Dereje Terefe Gemechu, 2020-12-01 Building an effective inclusive and accountable public administration has become a major point of attention for policymakers and academics in Ethiopia who want to realise sustainable development This first handbook on Ethiopian Public Administration is written by Ethiopian academics and practitioner academics and builds on PhD studies and conference papers including studies presented at the meetings of the Ethiopian Public Administration Association EPAA established in 2016 Public Administration in Ethiopia presents a wide range of timely issues in four thematic parts Governance Human Resources Performance and Quality and Governance of Policies Each of the individual chapters in this volume contributes in a different way to the overarching research questions How can we describe and explain the contexts the processes and the results of the post 1990 politico administrative reforms in Ethiopia And what are the implications for sustainable development This book is essential for students practitioners and theorists interested in public administration public policy and sustainable development Moreover the volume is a valuable stepping stone for PA teaching and PA research in Ethiopia

Authoritarians in the Academy Sarah McLaughlin, 2025-08-19 A revealing expos on how foreign authoritarian influence is undermining freedom and integrity within American higher education institutions In an era of globalized education where ideals of freedom and inquiry should thrive an alarming trend has emerged foreign authoritarian regimes infiltrating American academia In *Authoritarians in the Academy* Sarah McLaughlin exposes how higher education institutions long considered bastions of free thought are compromising their values for financial gain and global partnerships This groundbreaking investigation reveals the subtle yet sweeping influence of authoritarian governments Universities leaders are allowing censorship to flourish on campus putting pressure on faculty and silencing international student voices all in the name of appeasing foreign powers McLaughlin exposes the troubling reality where university leaders prioritize expansion and profit over the principles of free expression The book describes

incidents in classrooms where professors hesitate to discuss controversial topics and in boardrooms where administrators weigh the costs of offending oppressive regimes McLaughlin offers a sobering look at how the compromises made in American academia reflect broader societal patterns seen in industries like tech sports and entertainment Meticulously researched and unapologetically candid *Authoritarians in the Academy* is an essential read for anyone who believes in the transformative power of education and the necessity of safeguarding it from the creeping tide of authoritarianism

Improving Research-Based Knowledge of College Promise Programs Laura W. Perna, Edward J. Smith, 2020-03-20 Also known as free tuition and free college programs college promise programs are an emerging approach for increasing higher education attainment of people in particular places To maximize the effectiveness of their efforts and investments program leaders and policymakers need research based evidence to inform program design implementation and evaluation With the goal of addressing this knowledge need this volume presents a collection of research studies that examine several categories and variations of college promise programs These theoretically grounded empirical investigations use varied data sources and analytic techniques to examine the effects of college promise programs that have different design features and operate in different places Individually and collectively the results of these studies have implications for the design and implementation of promise programs if these programs are to create meaningful improvements in attainment for people from underserved groups The authors efforts also provide a useful foundation for the next generation of college promise research

Higher Education in Ethiopia Tebeje Molla, 2018-01-18 This book focuses on higher education in Ethiopia analysing persisting inequalities and policy responses against the backdrop of the extensive expansion and reform that the system has experienced in recent years Drawing on empirical data generated through interviews policy reviews and focus group discussions it explicates factors of structural inequality ranging from neoliberal policy orientations to repressive gender culture and geo political peripherality In a departure from conventional studies that consider policy a response to social problems the book takes a critical perspective to show the constitutive role of policy and explains how the representation of the problem of social inequality undermines equity policy outcomes in Ethiopian higher education Not only does the book problematise the framing of the problem of inequality in the system it also outlines strategies for designing transformative equity instruments In explaining structural factors of inequality and equity provisions the book productively combines sociological concepts with historical accounts and political economy insights Given the increased economic optimism associated with higher education in sub Saharan Africa and the neoliberal ideals underpinning much of the restructuring of the system in the region this is a timely and important contribution that sheds light on the social justice implications and consequences of such changes It offers fresh accounts of largely neglected qualitative cases of inequality making it a valuable read for students and researchers in the areas of Ethiopian education policy studies international and comparative education and international development
