

Against Death Penalty Essay

This sample essay on Against Death Penalty Essay provides important aspects of the issue and arguments for and against as well as the needed facts. Read on this essay's introduction, body paragraphs, and conclusion.

Abolishment of Capital Punishment Capital punishment should be abolished for the following reasons. 1) It violates the Eight Amendment of the use of cruel and unusual punishment, for which the Supreme Court has vacillated. 2) It is a form of premeditated murder. 3) It promotes racism. 4) It can be administered to innocent individuals through tainted evidence. 5) The death penalty does not deter criminals from committing violent crimes. The death penalty is a form of cruel and unusual punishment that violates citizen's Eighth Amendment which has forced the Supreme Court to step in and evaluate this form of punishment.

The death penalty has not always been practiced in the United States; however, there have been about 13,000 people who have been legally executed since colonial times. In 1972, the Supreme Court effectively nullified the death penalty. However, in 1976 another Supreme Court found capital punishment to be Constitutional (White 1). One must wonder why they made this decision. In 2007 the court put executions across the country on hold for eight months while it examined whether lethal injection, the most common means of executing prisoners, violated the Eight Amendment prohibition against cruel and unusual punishment (Lacayo).

How can they not see this form of punishment as cruel and unusual? Individuals are killed by electricity seeping through their bodies, or drugs that cause their organs to shut down one at a time. It's difficult to understand what the government perceives as cruel and unusual punishment. Maybe to them this would mean lining individuals up and killing them at point blank range. What could be crueler than strapping individuals to a chair and sending electricity through their bodies essentially cooking their insides, or putting a lethal dose of drugs into their body that causes organ failure.

The Death Penalty Essay Against

The method of taking another human's life is cruel no matter how it is achieved. This gives too much power to individuals in society. The death penalty is a form of premeditated murder. According to dictionary. com, murder is the killing or slaughter of an individual inhumanely or barbarously. What gives the state or normal everyday citizens the right to determine whether or not an individual lives or dies? This is essentially doing what the criminal did and justifying it by hiding behind the law. Murder is murder whether it is committed by the drug dealer on the street or by the executioner who administers the lethal dose of medication into the inmate's veins. Some individuals feel that the death penalty gives way to racism and class oppression. African Americans and Latinos represent the majority of inmates on death row. Because of this, ex

Debating the Death Penalty Hugo Adam Bedau, Paul G. Cassell, 2005-03-24 When news breaks that a convicted murderer released from prison has killed again or that an innocent person has escaped the death chamber in light of new DNA evidence arguments about capital punishment inevitably heat up Few controversies continue to stir as much emotion as this one and public confusion is often the result This volume brings together seven experts judges lawyers prosecutors and philosophers to debate the death penalty in a spirit of open inquiry and civil discussion Here as the contributors present their reasons for or against capital punishment the multiple facets of the issue are revealed in clear and thought provoking detail Is the death penalty a viable deterrent to future crimes Does the imposition of lesser penalties such as life imprisonment truly serve justice in cases of the worst offences Does the legal system discriminate against poor or minority defendants Is the possibility of executing innocent persons sufficient grounds for abolition In confronting such questions and making their arguments the contributors marshal an impressive array of evidence both statistical and from their own experiences working on death penalty cases The book also includes the text of Governor George Ryan's March 2002 speech in which he explained why he had commuted the sentences of all prisoners on Illinois's death row By representing the viewpoints of experts who face the vexing questions about capital punishment on a daily basis **Debating the Death Penalty** makes a vital contribution to a more nuanced understanding of the moral and legal problems underlying this controversy

Facing the Death Penalty Michael Radelet, 1989 These essays show us the human and inhuman realities of capital punishment through the eyes of the condemned and those who work with them By focusing on those awaiting death they present the awful truth behind the statistics in concrete personal terms William J Bowers author of *Legal Homicide Between 1930 and 1967* there were 3 859 executions carried out under state and civil authority in the United States Since the ten year moratorium on capital punishment ended in 1977 more than one hundred prisoners have been executed There are more than two thousand men and women now living on death row awaiting their executions **Facing the Death Penalty** offers an in depth examination of what life under a sentence of death is like for condemned inmates and their families how and why various professionals assist them in their struggle for life and what these personal experiences with capital punishment tell us about the wisdom of this penal policy The contributors include historians attorneys sociologists anthropologists criminologists a minister a philosopher and three prisoners One of the prisoner contributors is Willie Jasper Darden Jr whose case and recent execution after fourteen years on death row drew international attention The interdisciplinary perspectives offered in this book will not solve the death penalty debate but they offer important and unique insights on the full effects of American capital punishment provisions While the book does not set out to generate sympathy for those convicted of horrible crimes taken together the essays build a case for abolition of the death penalty This work stands with the best of what's been written It represents the best of those who have seen the worst Colman McCarthy *The Washington Post Book World*

The Death Penalty in America Hugo Adam Bedau, 1998-05-28 A J Richards **A Rhetoric of Meanings** Gergana Apostolova, 2015-09-04 This book presents an in depth analysis of language s role as the tool and environment for human survival on Earth examining its ability to provide an unlimited space for telling individual stories that bear the knowledge of mankind s self significance The book is the result of a 20 year long composite study of language phenomenology grounded in the interactions of Bulgarian and English approached in a game like fashion where the play with language units transcends levels of meanings based on significances and explored through the four basic avatars of activated language the learner the teacher the translator and the creator of texts The book is divided into three sections the first details the motivation for this study and the design of the method of exploration This is followed by an application of this method to the talkative web in order to find ways of meeting the enormous demand for human content The final section brings together the colourful practices of activated language movement This book is not about the philosophy of language per se It is concerned with the practical field beyond the philosophy of language where the self identification of the Subject is brought to a higher stage of communicative creativity The rhetoric theory of argumentation is argued throughout the book to be the relevant ground for building a holistic tool of language learning where language acquisition is seen as the capability of the subject to construct worlds in a universe whose leading structure involves the rhetoric criteria of ethos pathos and logos on the one hand and the self identifying choice of meanings to situations of complex nature on the other As such the book is primarily concerned with linguistics rhetoric semiotics of culture ethics and language learning viewed through a philosophical preoccupation with humanity

America's Death Penalty David Garland, Randall McGowen, Michael Meranze, 2011-01-25 Over the past three decades the United States has embraced the death penalty with tenacious enthusiasm While most of those countries whose legal systems and cultures are normally compared to the United States have abolished capital punishment the United States continues to employ this ultimate tool of punishment The death penalty has achieved an unparalleled prominence in our public life and left an indelible imprint on our politics and culture It has also provoked intense scholarly debate much of it devoted to explaining the roots of American exceptionalism America s Death Penalty takes a different approach to the issue by examining the historical and theoretical assumptions that have

underpinned the discussion of capital punishment in the United States today At various times the death penalty has been portrayed as an anachronism an inheritance or an innovation with little reflection on the consequences that flow from the choice of words This volume represents an effort to restore the sense of capital punishment as a question caught up in history Edited by leading scholars of crime and justice these original essays pursue different strategies for unsettling the usual terms of the debate In particular the authors use comparative and historical investigations of both Europe and America in order to cast fresh light on familiar questions about the meaning of capital punishment This volume is essential reading for understanding the death penalty in America Contributors David Garland Douglas Hay Randall McGowen Michael Meranze Rebecca McLennan and Jonathan Simon Tears from Heaven, Voices from Hell Diane P. Robertson, 2002 In *Tears From Heaven Voices From Hell* capital punishment issues are discussed from the viewpoint of the victims of violent crime and from those condemned to die on America's death rows Explore the pros and cons of this controversial issue from those who have experienced the pain first hand victims and death row inmates *Inspiring Dialogue: Talking to Learn in the English Classroom* Mary M.
