Field Manual on Intelligence Interrogations Barry Leonard, 2010-10 Contents of this U S Army Field Manual 1 Military Intelligence Missions and Intelligence Preparation of the Battlefield 2 Composition and Structure 3 The Interrogation Process 4 Processing and Exploiting Captured Enemy Documents Appendices A Uniform Code of Military Justice Extract B Questioning Guides C S2 Tactical Questioning Guide and Battlefield Exploitation of Captured Enemy Documents and Equipment D Protected Persons Rights Versus Security Needs E Reports F Command Language Program G Individual and Collective Training Glossary Charts and tables *Counterinsurgency Field Manual* The U.S. Army Marine Corps, 2024-05-31 When the U S military invaded Iraq it lacked a common understanding of the problems inherent in counterinsurgency campaigns It had neither studied them nor developed doctrine and tactics to deal with them It is fair to say that in 2003 most Army officers knew more about the U S Civil War than they did about counterinsurgency The U S Army Marine Corps Counterinsurgency Field Manual was written to fill that void The result of unprecedented collaboration among top U S military experts scholars and practitioners in the field the manual espouses an approach to combat that emphasizes constant adaptation and learning the importance of decentralized decision making the need to understand local politics and customs and the key role of intelligence in winning the support of the population The manual also emphasizes the paradoxical and often counterintuitive nature of counterinsurgency operations sometimes the more you protect your forces the less secure you are sometimes the more force you use the less effective it is sometimes doing nothing is the best reaction An new introduction by Sarah Sewall director of the Carr Center for Human Rights Policy at Harvard s Kennedy School of Government places the manual in critical and historical perspective explaining the significance and potential impact of this revolutionary challenge to conventional U S military doctrine An attempt by our military to redefine itself in the aftermath of 9 11 and the new world of international terrorism The U S Army Marine Corps Counterinsurgency Field Manual will play a vital role in American military campaigns for years to come The University of Chicago Press will donate a portion of the proceeds from this book to the Fisher House Foundation a private public partnership that supports the families of America s injured servicemen To learn more about the Fisher House Foundation visit www.fisherhouse.org **Interrogation of Detainees** Michael J. Garcia, 2010-10 U S treatment of enemy combatants and terrorist suspects captured in Afghanistan Iraq and other locations has been a subject of debate incl whether such treatment complies with U S statutes and treaties Congress approved additional guidelines concerning the treatment of detainees via the Detainee Treatment Act DTA Among other things the DTA contains provisions that 1 require DoD personnel to employ U S Army Field Manual guidelines while interrogating detainees and 2 prohibit the cruel inhuman and degrading punishment of persons under the detention custody or control of the U S Gov t This report discusses provisions of the DTA concerning standards for the interrogation and treatment of detainees Field Manuals United States. War Department, 1980-07-02 **The Road to Abu Ghraib** James F.

Gebhardt,2005 The 2004 revelations of detainee maltreatment at the Abu Ghraib prison outside of Baghdad Iraq have led to an exhaustive overhaul of Army doctrine and training with respect to this topic The Army has identified disconnects in its individual leader and collective training programs and has also identified the absence of a deliberate focused doctrinal crosswalk between the two principal branches concerned with detainees Military Intelligence MI and Military Police MP These problems and their consequences are real and immediate The perceptions of just treatment held by citizens of our nation and to a great extent the world at large have been and are being shaped by the actions of the US Army both in the commission of detainee maltreatment but also and more importantly in the way the Army addresses its institutional shortcomings This study examines the relationship over time between doctrine in two branches of the Army Military Police MP and Military Intelligence MI and the Geneva Convention Relative to the Treatment of Prisoners of War GPW Specifically it analyzes the MP detention field manual series and the MI interrogation field manual series to evaluate their GPW content It also further examines the relationship of military police and military intelligence to each other in the enemy prisoner of war EPW and detainee operations environment as expressed in their doctrinal manuals Finally the study looks at the Army s experience in detainee operations through the prism of six conflicts or contingency operations the Korean War Vietnam Operation URGENT FURY Grenada 1983 Operation JUST CAUSE Panama 1989 Operation DESERT STORM Iraq 1991 and Operation UPHOLD DEMOCRACY Haiti 1994 *Field Manual* United States.
