Argumentative Writing in a Second Language Alan R. Hirvela, Diane Belcher, 2021-12-13 Argumentative Writing in a Second Language is a collection on teaching argumentative writing offering multiple vantage points drawn from the contributors own teaching and research experiences The value of learning how to compose argumentative texts cannot be overstated and yet very little attention has been allocated to the equally important topic of how argumentation is or can be taught in the L2 context Thus this volume shifts attention to teachers and argumentative writing instruction especially within increasingly common multimodal and digital literacy settings While doing so it provides a comprehensive wide ranging view of the L2 argumentative writing landscape within an instructional lens Part I of the volume is topic oriented and focuses on explorations of important issues and perspectives while Part II features several chapters reporting classroom based studies of a variety of instructional approaches that expand our understanding of how argumentative writing can be taught The book will be of value to pre service and in service teachers in varying instructional contexts as well as teacher educators and L2 writing scholars researchers

Formulaic Language Roberta Corrigan, 2009 This book is the second of the two volume collection of papers on formulaic language The collection is among the first in the field The authors of the papers in this volume represent a diverse group of international scholars in linguistics and psychology The language data analyzed come from a variety of languages including Arabic Japanese Polish and Spanish and include analyses of styles and genres within these languages While the first volume focuses on the very definition of linguistic formulae and on their grammatical semantic stylistic and historical aspects the second volume explores how formulae are acquired and lost by speakers of a language in what way they are psychologically real and what their functions in discourse are Since most of the papers are readily accessible to readers with only basic familiarity with linguistics the book may be used in courses on discourse structure pragmatics semantics language acquisition and syntax as well as being a resource in linguistic research

Literacy Classrooms That S.O.A.R. Susan O'Hara, Robert Pritchard, Debi Pitta, 2020-11-27 For more than fifteen years the authors have been conducting research and professional development in school districts across the United States This work has shown that the SOAR Teaching Frames for Literacy provide a unique approach to planning implementing and elevating instruction that drives improvement in teaching and learning One distinguishing aspect of the SOAR work is the focus on the high impact teaching practices that research identifies as key to student learning A second distinguishing aspect is that the practices are presented and unpacked within the context of teaching frames Each teaching frame is designed to help educators understand and implement the high impact practice that drives student learning while simultaneously enacting a set of dynamic instructional moves in support of the high impact practice and taking the foundational planning steps needed to do this well Detailed instructional strategies are provided as a way to help teachers understand how to implement and continuously improve these practices A third distinguishing aspect of the work is that the teaching frames provide a common

language and a set of tools to foster teacher to teacher and coach to teacher collaboration that supports professional learning and growth across schools and districts Principals coaches and teachers who have participated in SOAR professional learning report that the teaching frames provide them with a lens for continued professional learning and growth **The Social**
