Army Application Form 2015 2016:

Military Review ,2017 **U.S. Army Campaigns of the Civil War: The Civil War in the West, 1863** Andrew N. Morris, The Civil War in the West 1863 by Andrew N Morris is the latest addition to the Center of Military History s U S Army Campaigns of the Civil War series In 1863 Union and Confederate forces fought for control of Chattanooga a key rail center The Confederates were victorious at nearby Chickamauga in September However renewed fighting in Chattanooga that November provided Union troops a victory control of the city and drove the Confederates south into Georgia The Union success left its armies poised to invade the Deep South the following year **Professional Journal of the United States Army** ,2016-11 Socioeconomics, Diversity, and the Politics of Online Education Setzekorn, Kristina,Patnayakuni, Nainika,Burton, Tina,2020-06-19 Education has until recently promoted social mobility broad economic growth and democracy However modern universities direct policy and resources toward criteria that exacerbate income inequality and reduce social mobility Online education can make education more socially geographically temporally and financially accessible impacting the higher education industry governments economies communities and society in general Thus education s shift away from scarcity affects the differential earnings and socio political influence of all concerned and online education impacts and is impacted by such shifting power structures Socioeconomics Diversity and the Politics of Online Education is a cutting edge research publication that explores online education s optimal design and management so that more students especially those traditionally underserved are successful and can contribute to their communities and society Additionally it looks at the political regulatory diversity and socioeconomic impacts on online education especially for online education demographic groups Featuring a wide range of topics including globalization accreditation and socioeconomics this book is essential for teachers administrators government policy writers educational software developers MOOC providers LMS providers policymakers academicians administrators researchers and students interested in student retention and diversity and income inequality as well as promoting social mobility and democracy through accessible public education

Poland and Slovakia: Bilateral Relations in a Multilateral Context (2004-2016) Joanna Dyduch,Igor Kosir,Radoslaw Kupczyk,Jaroslav Usiak,2017-04-25 This book investigates the complex relations between the Republic of Poland and the Slovak Republic in the context of ongoing processes in the European Union s political and economic system The basic assumption of the study is that Polish Slovak relations are affected and shaped not only by the interaction between the two of them but also by the dynamics of the European and global international environment The authors explore different aspects of the interconnectedness of Warsaw and Bratislava This includes the analysis of political economic and social dimensions of bilateral relations in the multilateral context One of the goals of this volume is to define areas and spheres of Poland s and Slovakia s common interest as well as to point out those areas with the highest potential for development It also defines and analyzes problematic issues in common relations that could be seen as obstacles in developing cooperation in specific areas

and politically strategic areas like foreign and security policy Moreover the book seeks to measure the extent to which Polish Slovak relations are affected by the European integration process

Axis of Resistance Tim Anderson, 2020-01-01 his book Axis of Resistance towards an independent Middle East follows the author's 2016 book The Dirty War on Syria It examines the end of the war on Syria and the wider elements of the regional conflict in particular the prospects for a democratic Palestine the character of the Resistance and the role of Iran It draws attention to these broad leitmotifs underpinning each particular history that are key to understanding both the parts and the whole A single essentially colonial impetus drives each particular US aggression from Libya to Afghanistan These hybrid wars utilize propaganda offensives economic siege warfare terrorist proxies direct invasions and military occupations followed by repression via client states The aim is to keep resistance forces fragmented Just as each aggression forms part of a broader Washington strategy similarly the integration of the resistance in particular remains critical to its success The Resistance has a common character but no idealized personality or ideology However the common features are a demand for popular self determination and for accountable social structures that serve broad social interests Western policy has been worse than a crime it's been a blunder Tim Anderson's epic study shows what a crime what a blunder it has been And how ugly the monster which now stalks the land My land your land the whole of humanity It is a must read

GEORGE GALLOWAY British politician Axis of Resistance will take its place alongside the few books worth reading on how and by whom the flickering lights of the imperial twilight of the West in the Middle East were finally extinguished

Humanitarian and Military Intervention in Libya and Syria Aran M. Lewis, 2022-12-30 This book explores the contradictions in Britain's humanitarian and military intervention in Libya and Syria beginning with the Arab spring in 2010 The book assesses the contradictions between the expressed humanitarian intentions of British military interveners and the impact of their actions on the putative beneficiary states It demonstrates that as a result of foreign intervention both Libya and Syria were rendered non functional as unitary nations and suffered extensive harm to their people and infrastructure To evaluate the effectiveness and credibility of humanitarian warfare the author conducts a thematic analysis of debates on Libya and Syria in the House of Commons The book provides a detailed study of intentions and motives expressed by Members of Parliament of consequent British state actions and their outcomes and of MPs reactions to outcomes It provides ample evidence of duplicity insincerity indifference to harm and ulterior motives for violence that undermine moral claims and support the argument that although humanitarian warfare may be possible the leading Western activist states Britain

France and the USA are poorly qualified to carry it out Illustrating a systemic failure of strategy and accountability in British foreign policy this book will be of interest to scholars and graduates of Humanitarian Studies International Relations and Military Studies
