Britons and Anglo-Saxons: Lincolnshire AD 400-650 (Second Edition) Caitlin

Green, 2020-12-01 Britons and Anglo Saxons offers an interdisciplinary approach to the history of the Lincoln region in the

felt throughout England and into the Continent through the relationships of the bishops the power fluctuations of the Norman period the pursuit of arts and history writing the reach of the city's saints and more The essays contained in this volume present early medieval Winchester not as a city alone but a city emmeshed in wider political social and cultural movements and in many cases providing examples of authority and power that are representative of early medieval England as a whole
