Strategy Instruction for Middle and Secondary Students with Mild Disabilities Greg Conderman, Laura Hedin, Val Bresnahan, 2013-02-14 Teach your students learning strategies that will last a lifetime The pressure is on special and general education teachers alike If we re to ensure that adolescents with mild disabilities achieve the very same gains as their peers we must first teach them how to learn Here s a one stop guide for getting started pairing the very best instructional methods with assessments and IEP goals so all students can be independent learners Driven by research this indispensable resource features Evidence based strategies for teaching vocabulary reading written language math and science as well as study skills textbook skills and self regulation Clear presentation that describes strategies in context Informal assessments for every content area or skill addressed Case studies that link assessment results IEP goals and learning strategies Application activities with questions and suggested responses Whether you teach in an inclusive resource or self contained setting there s no better guide for teaching your students learning strategies that will last a lifetime This is a rare find a book for practitioners that actually stays on task throughout and provides an abundance of teaching strategies As a veteran of the classroom it is nice to find strategies that are useful and can be readily implemented Sally Jeanne Coghlan Special Education Teacher Rio Linda Preparatory Academy Rio Linda CA I really like this comprehensive resource of strategies I felt the book was written for people like me struggling to do the very best for my students to make their time in school truly of benefit Cheryl Moss Special Education Teacher Gilbert Middle School Gilbert IA

IEP Goal Writing for Speech-Language Pathologists Lydia Kopel, Elissa Kilduff, 2020-06-15 IEP Goal Writing for Speech Language Pathologists Utilizing State Standards Second Edition familiarizes the speech language pathologist SLP with specific Early Learning Standards ELS and Common Core State Standards CCSS as well as the speech language skills necessary for students to be successful with the school curriculum It also describes how to write defensible Individualized Education Plan IEP goals that are related to the ELS and CCSS SLPs work through a set of steps to determine a student s speech language needs First an SLP needs to determine what speech language skills are necessary for mastery of specific standards Then the SLP determines what prerequisite skills are involved for each targeted speech language skill Finally there is a determination of which Steps to Mastery need to be followed It is through this process that an SLP and team of professionals can appropriately develop interventions and an effective IEP The text takes an in depth look at the following speech language areas vocabulary questions narrative skills summarize compare and contrast main idea and details critical thinking pragmatics syntax and morphology and articulation and phonological processes These areas were selected because they are the most commonly addressed skills of intervention for students aged 3 to 21 with all levels of functioning For each listed area the text analyzes the prerequisite skills and the corresponding Steps to Mastery It provides a unique step by step process for transforming the Steps to Mastery into defensible IEP goals The key is to remember that the goal must be understandable doable measurable

and achievable This text provides clear guidelines of quantifiable building blocks to achieve specific goals defined by the student s IEP School based SLPs are instrumental in helping students develop speech and language skills essential for mastery of the curriculum and standards All SLPs working with school aged children in public schools private practice or outpatient clinics will benefit from the information in this text New to the Second Edition Ten Speech and Language Checklists for determining speech and language needs of an individual 3 21 years of age as well as measuring progress Material on measuring progress including five performance updates Goal writing case studies for four students of different ages and skill levels A thoroughly updated chapter on writing goals with up to date examples Revised Prerequisite Skills and Steps to Mastery to reflect the current state of research Expanded focus on evidence based practice Disclaimer Please note that ancillary content such as documents audio and video etc may not be included as published in the original print version of this book *Algebra Workouts: Pre-Geometry* Tony G. Williams,2009-09-01 Add the vital warm up process to your algebra lessons with these workouts designed to capture students interest and reinforce their skills A broad range of concepts is covered from linear equations to factoring to pure fun Each workout is easily reproducible and includes an answer key or mini lesson demonstrating how to solve each problem Essential teaching tips for the algebra classroom are also included
