Fantasy Series Fan Favorite:

Faery Worlds Anthea Sharp, Elle Casey, Tara Maya, Jenna Elizabeth Johnson, Alexia Purdy, J.L. Bryan, 2016-12-15 Six full length novels each the first book in six fan favorite series by bestselling award winning fantasy authors Discover the many worlds of Faerie in these novels filled with love adventure and of course Fae Magic best for readers 14 and up **Focus On:** **100 Most Popular Television Series by Warner Bros. Television** Wikipedia contributors, **Gone Hunting** Cecy Robson, 2018-10-24 I need good characters in order to truly enjoy a book series NEED them This has been my main attraction to this series from the beginning it has such a great set of them Cecy continues to keep the Weird Girls series fun and exciting Christy's Love of Books The rest of the werewolf pack might consider Aric Connor to be omniscient and destined to save the world when evil returns to claim it But for the most part fifteen year old Aric ignores the confirmations of his powers taking everything in stride until he meets her Celia Wird wasn't supposed to awaken naked in the mountains of Colorado not when she was just stalking her prey in a filthy alley several states away She especially wasn't supposed to meet Aric the handsome werewolf who comes to her aid As a supernatural tasked with protecting the earth Aric sympathizes with Celia's dangerous situation He's also struck by her beauty and kindness Yet as much as Aric welcomes Celia her arrival isn't a peaceful one Dark forces stir in Celia's presence resolute on killing her Aric and his inner beast are adamant about keeping Celia safe and with them But there's a time and a place for love and Aric and Celia might not survive long enough to find it

Unearthed Cecy Robson, 2019-09-24 Fae was once a flourishing paradise Until Death turned greedy and destroyed it targeting the creatures who inhabited it Those who survived escaped to Earth's realm but Death wasn't far behind Olivia Finn is just another pixie trying to blend in among humans and hide from the death hounds who devoured her family Clinging to the talisman that keeps her veiled from those who hunt her she believes she is safe Until Death finds her and discovers she's immune to its grip Now that Olivia's power is unearthed she is sought by Fae who see her as their savior and stalked by dark entities compelled to destroy her Can she trust the King of the Dead who has sworn to train and protect her Or should she obey her instincts that warn he desires more Olivia can no longer hide from Death To survive she must seek it **The Transcendent Vision of Mythopoeic Fantasy** David S. Hogsette, 2022-07-22 An ever expanding critical library on fantasy fiction requires an analysis of why the genre is so ubiquitous enduring and beloved This work analyzes the mythic elements in foundational fantasy texts arguing that mythopoeic fantasy reveals timeless truths that link human cultures past and present Through close readings of works like Phantastes The King of Elfland's Daughter The Fellowship of the Ring The Lion the Witch and the Wardrobe A Wizard of Earthsea The Neverending Story A Wrinkle in Time and Out of the Silent Planet this book explores how mythopoeic fantasy speaks to the deepest concerns of the human heart It investigates the genre's use of an imagination that is sometimes atrophied by the demands of contemporary life and explores how fantasy provides restoration consolation and hope within a cultural context that too often decries such ideas Each chapter focuses on a

representative text providing author background and engaging relevant scholarship on a variety of relevant thematic issues Offering new insights on these classic texts by drawing upon post secular critical approaches this work is suitable for both new and seasoned students of fantasy

Popular Music Fandom Mark Duffett,2013-11-07 This book explores popular music fandom from a cultural studies perspective that incorporates popular music studies audience research and media fandom The essays draw together recent work on fandom in popular music studies and begin a dialogue with the wider field of media fan research raising questions about how popular music fandom can be understood as a cultural phenomenon and how much it has changed in light of recent developments Exploring the topic in this way broaches questions on how to define theorize and empirically research popular music fan culture and how music fandom relates to other roles practices and forms of social identity Fandom itself has been brought center stage by the rise of the internet and an industrial structure aiming to incorporate systematize and legitimate dimensions of it as an emotionally engaged form of consumerism Once perceived as the pariah practice of an overly attached audience media fandom has become a standardized industrial subject position called upon to sell box sets concert tickets new television series and special editions Meanwhile recent scholarship has escaped the legacy of interpretations that framed fans as passive pathological or defiantly empowered taking its object seriously as a complex formation of identities roles and practices While popular music studies has examined some forms of identity and audience practice such as the way that people use music in daily life and listener participation in subcultures scenes and tribes this volume is the first to examine music fans as a specific object of study
