

Analyzing European Colonialism Through Primary and Secondary Sources

 Exclusively available on IvyPanda

Introduction

Studying historical primary sources and analytical records regarding given materials is a critical skill that can assist in the academic study of information. Colonial wars and expansions are information that lends itself to being studied from a historically accurate perspective. At the same time, articles that consider all related problems and developments can shed light on what circumstances are essential for consideration. Thus, connecting sources to address a specific issue is an aspect that can effectively help to increase reliable awareness of the topic of colonialism.

The Main Thesis, Arguments, and Evidence in the Secondary Source

European imperial expansion in Africa is an appropriate historical event to examine aspects of this event through the lens of secondary sources. One such article is Tanja Bühner (2008), which reveals the role of the Berlin Conference in marking the beginning of the Scramble for Africa. The central thesis of this text is that the Berlin Conference is often unfairly considered the starting point of colonialism in Africa. The arguments in favor of this point of view are that colonial activity was quite active before the conference, which indicates that this event did not impact the continent's conquest.

The author mentions the occupation of Tunisia as an example of active efforts to establish a British protectorate in Egypt (Bühner 2008). Another argument given by the author is that the original motive for holding the conference was Otto von Bismarck's goal to avoid European tension (Bühner 2008). The text mentions sources related to European colonialism, including agreements between countries and the conference results. This is evidence confirming the true significance and influence of the conference on the conquest of Africa. The place of this document in historiography can be
