

Annual status of education report

The 16th edition of the Aser survey aims to capture the transition in the education system at a time when schools are reopening after a gap of almost 18 months due to the pandemic

Government schools gain ground

A consistent increase was reported in the proportion of children enrolled in government schools between 2018 and 2020, according to the report

- After a steady increase between 2006 and 2014, private schooling noted a significant decline in the pandemic years, the report said
- Interestingly, the survey didn't report any sharp spike in

Rising dependence on tuition classes

2 out of 5 kids

in India are now dependent on private tuition classes, a consequence of schools being shut for months due to the pandemic

Access to smartphones still limited

1 out of 3 kids

in India does not have smartphone at home

Access to digital devices remained fraught with challenges as 32.4% of surveyed children did not have a smartphone at home. The survey showed

Researching Educational Governance: Realizing UN 2030 Agenda and Beyond H.C. Pokhriyal, B.S. Nagi, M.C. Sati, Padmakar Mishra, R.P. Juyal and A.S. Khullar, 2023-01-01 Achieving the lofty Goal 4 of the UNSDGs which aims to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all will require the entire education system to be reconfigured a fact as aptly underlined in the National Education Policy 2020 of India This would essentially entail putting in place a very effective educational governance devised and formulated on the basis of cutting edge research outputs Three Volumes of the present book is a modest yet maiden attempt to comprehend and unfold the blending of diverse research methodologies and amply demonstrate through empirical findings that innovative policies and interventions curated on the basis of this approach of research can ensure quality education Governance emerges as one of the core areas for research Therefore Volume I provides a wide canvas of governance in general and educational governance in particular for research along with a unique opportunity to elaborate both the theory and practice of Quantitative Qualitative and Participatory Methodologies in researching governance that is the frontier challenge looking for suitable answers Volume II uniquely comprehends multiple aspects of quality in dynamic and wider perspectives as perceived by the primary stakeholders including community Refreshing insight into the quality perspectives of educational governance will facilitate the researchers to explore innovative interventions in respective areas of human development Community is the third constituent of governance along with the state and the market Therefore Volume III explores a futuristic vision of

community governance leading to quality education Also an attempt has been made to critically appraise the provisioning of community governance including the local self governments as well as free and compulsory elementary education The Book is a live comprehension of the conceptual framework of research and methods along with handling of research problems at the ground It is like explaining how to by giving suitable case studies conducted by the authors on educational governance It is hoped that the three Volumes will be an exciting learning experience that would enable us to address researching challenges over which the public policy makers researchers development administrators planners and students may build their concepts logical structures and planned interventions facilitating the achievement of effective educational governance at micro level ensuring quality education in the coming decades The Effective Schools and Even Start Act United States. Congress. House. Committee on Education and Labor. Subcommittee on Elementary, Secondary, and Vocational Education,1987 The State of the Global Education Crisis UNESCO,United Nations Children's Fund,World Bank (the),2021-12-09 The global disruption to education caused by the COVID 19 pandemic is without parallel and the effects on learning are severe The crisis brought education systems across the world to a halt with school closures affecting more than 1 6 billion learners While nearly every country in the world offered remote learning opportunities for students the quality and reach of such initiatives varied greatly and were at best partial substitutes for in person learning Now 21 months later schools remain closed for millions of children and youth and millions more are at risk of never returning to education Evidence of the detrimental impacts of school closures on children s learning offer a harrowing reality learning losses are substantial with the most marginalized children and youth often disproportionately affected Countries have an opportunity to accelerate learning recovery and make schools more efficient equitable and resilient by building on investments made and lessons learned during the crisis Now is the time to shift from crisis to recovery and beyond recovery to resilient and transformative education systems that truly deliver learning and well being for all children and youth The World Bank website Education and Empowerment in India Avinash Kumar Singh,2015-12-22 This book explores the critical linkages between education and empowerment of women marginalized groups and other disadvantaged sections of society It Provides an overview of educational policies and practices from India s independence to the present day and tracks relevant changes and amendments Examines a range of issues connected with education such as the Right to Education Act empowerment and community mobilization higher education challenges and other emerging topics Brings together both theoretical postulates and empirical findings *Student Learning in South Asia* Halil Dundar,Tara B  teille,Michelle Riboud,Anil Deolalikar,2014-05-30 This book analyzes the performance of South Asian educational systems and identifies the causes and correlates of student learning outcomes Drawing on successful initiatives both in the region and elsewhere in the world it offers an insightful approach to setting priorities for enhancing the quality of school education in South Asia *Resources in Education* ,2001-04 Annual Status Report, Minorities in Higher Education American Council on Education. Office of

Minority Concerns,1991 *Teaching India-Pakistan Relations* Kusha Anand,2023-02-06 The rivalry between India and Pakistan began on British withdrawal from the British Indian Empire in 1947 and with the sudden partition of India immediately afterwards It has proven remarkably resilient While the countries share a long history and have considerable social cultural affinity relations since Partition have been marked by three wars constant border skirmishes and a deep distrust that permeates both societies In each teaching about those relations is weighted with political and cultural significance and research shows that curriculums have been used to shape the mindset of new generations with regard to their neighbouring state This book explores the attitudes and pedagogical decision making of teachers in India and Pakistan when teaching India Pakistan relations Situating teachers in the context of reformed textbooks and curriculums in both countries that explicitly advocate critical thinking and social cohesion Kusha Anand explores how far teachers have enacted these changes in their classrooms Based on data collected from teachers via semi structured interviews and classroom observations in India and Pakistan she argues that despite whole nation policies and texts teaching of India Pakistan relations is dependent on the socio economic status of schools While there is progress towards the stated goals teachers in both countries face pressures from the interests of school and state and often miss opportunities to engage with multiple perspectives and stereotypes in their classrooms The Politics of Education in Developing Countries Samuel Hickey,Naomi Hossain,2019 This book focuses on how politics shapes the capacity and commitment of elites to tackle the learning crisis in six developing countries It deploys a new conceptual framework to show how the type of political settlement shapes the level of elite commitment and state capacity to improving learning outcomes Revisiting Inequality Achin Chakraborty,Simantini Mukhopadhyay,2024-06-03 This volume discusses the current state of knowledge on the conceptual understanding of inequality The book poses a range of empirical puzzles in the Indian context and examines inequalities across categories of the region of residence caste and sex using a fascinating range of outcome indicators comprising education health earnings self employment and crime The empirical chapters of this volume use various large scale secondary data sources to expose the deep rooted structural inequalities in the Indian society It answers some of the pertinent questions around inequality such as why do the backward regions of India continue to remain backward both in terms of economic and human development indicators Why do enterprises owned by backward caste individuals have systematically lower business earnings Are backward castes and women more likely to face crime when their relative status improves How do the circumstances that children find given at birth influence their learning outcomes etc The book will be of interest to teachers students and researchers of economics of education development studies development economics and Indian economics It will also be useful for policymakers academicians and anyone curious to learn about inequality

Diversity, Equity & Inclusion Ravindra Kumar Kushwaha,Pradeep Kumar Yadav,Abhiram Kushwaha,Dr. Pratyanshi Dwivedi,2024-09-16 Diversity Equity and Inclusion DEI are foundational principles in fostering a just and equitable society

Embracing diversity involves recognizing and valuing the unique attributes and experiences of individuals from different backgrounds Equity ensures that everyone has fair access to opportunities and resources tailored to meet their specific needs Inclusion goes beyond representation fostering an environment where all individuals feel respected valued and able to contribute fully In educational settings DEI initiatives are crucial in addressing disparities promoting understanding and preparing students for a diverse world By prioritizing DEI we build communities that celebrate differences and work towards collective progress
