Lee, 2013-01-01 The Boy Crisis is cited often in educational and news reports due to the consistent reading achievement gap for boys and the statistics paint a dismal picture of boys in school Politicians and researchers often focus on boys' low scores on reading achievement tests and compare these scores to the girls' scores with little consideration for the actual reading lives of boys As a result adolescent boys' vernacular reading is most often misunderstood This book documents my journey as a mother of three boys and teacher of adolescents as I attempt to articulate both the in school and out of school experiences of boys The book describes my attempts at creating a more complete picture of the reading lives and experiences of adolescent boys by describing three boys and their reading experiences in their natural contexts It provides a rich description revealing disconnects between school literacy practices and boys' vernacular literacy practices In this book parents administrators and teachers will find discover the complexity of boys as readers challenging educators to pursue effective practice and curricular decisions which go beyond the quick fixes for the boy problem so often seen in response to low test scores This book provides parents administrators and teachers with an in depth description of three boy readers What emerges is a description of the complexity of boys as readers challenging educators to pursue effective practice and curricular decisions which go beyond the quick fixes for the boy problem so often seen in response to low test scores Teachers interested in mentoring boy readers will find this book helpful This book can also be used with pre service and in service teachers in undergraduate and graduate courses and in professional development *A Root Cause To Why Our "Children" Cannot Read* Don Jasmin, 2008-07 This is my story but 90% of Viet Nam Veterans will be able to identify with the

same troubles humiliation regrets that I had to live with No body told me that the life I was about to live would only be the beinging of what the war did to our minds body and soul Viet Nam took it s toll on those who fought and came home The realization that something was very wrong came years later Men turned to drugs and alcohol to numb the paim of reliving the memories that like a movie ran endlessly day in and day out Night time brought out the demons lodged in our subconscious Wives and children would suffer marriages would break up men lost all respect from the communities where they made and called home Everybody became a threat an enemy to the Veteran Trying to sleep knowing that any noice would demand constance vigilance Post Tramatic Stress Disorder or PTSD was not even heard about after 30 plus years of suffering and humilation disgraced disfunctional families were created and nobody would pin point the cause of why Veterans were rapidly becoming victims We were never accepted by our country for doing a job that was called by our own government We have paid a heavy price trying to bring freedom to a country that cared less In my book I tried to bring some answers to the fanilies of Veterans who were shut out and suffered at the hands of those who wanted to reach out but who would not yet begin to trust the people around them Maybe from a Veteran who has gone through the same troubles at home and work and the fear of dying will bring some answers **TX Ate Eol 2000 G 9** Holt Rinehart & Winston,2000
