

Industrial Revolution Quiz **ANSWER KEY**

11. What was The Industrial Revolution?
- It was a war started by unhappy workers who wanted better pay and working conditions.
 - It was a change in the way goods were produced—from hand-made goods to goods made by machines.
 - It was an era in America when people moved away from cities and back to farms to build factories.
 - None of the above.

12. The invention of new machines was an important part of The Industrial Revolution, because...
- the factories needed new machines.
 - American inventors wanted to invent machines that were the best in the world.
 - new machines helped businesses manufacture goods much more quickly and cheaply.
 - America was in a race with Canada to see who could invent the most new machines.

13. The first American factory was built in Pawtucket, RI, in _____.

- 1620
- 1776
- 1790
- 1905

14. In 1812 Francis Lowell built his cloth factory in Lowell, MA, because

- the location had a great view of the mountains and the ocean.
- a river flowed through the town and a cheap source of labor was nearby.
- he wanted only farm girls with big hands to work in his factory.
- he was the boss and he could build the factory where he wanted.

15. Most workers in Lowell's factory were...

- men who lived in the city.
- women who lived in the city.
- boys from nearby farms.
- young women from nearby farms.

16. Eli Whitney's invention of the cotton gin revolutionized cotton farming because...

- it allowed workers to pick cotton faster.
- it made Whitney a lot of money.
- a worker could remove seeds from the cotton 50 times faster than before.
- machines don't need a lunch break.

17. All the newly invented machines helped both business and agriculture, because...

- factories and farms didn't have to hire as many people and saved money.
- the machines allowed factories to produce more goods and farmers to grow more food at a lower cost.
- people liked the sound of the new machines better than the old machines.
- None of the above.

18. How did The Industrial Revolution affect people?

- More goods and food available meant more people could afford to have things.
- As more factories were built, more people lived in cities instead of on farms.
- Children were able to earn money for their families by working in factories, but they worked long hours for low pay.
- All of the above.

19. The growth of industry required better transportation for getting food from farms and products from factories to market. Which of the following inventions did NOT help transport goods in the early 19th century:

- Steamboats
- Steam locomotives
- Steam-powered trucks
- None of the above
