This book is an anthology of shamanic journeys that I have taken over my 35 year exploration of shamanism the most ancient and most enduring spiritual tradition known to humanity. Each inner journey has a unique story about what led up to the trance experience and what I learned from it. They were powerful life changing events for me. Journey work is therapeutic and liberating. My trance experiences were healing, insightful and empowering. They often triggered the cathartic release of suppressed emotions producing feelings of peace and well being. The process restores emotional health through expression and integration of emotions. Shamanism is based on the principle that innate wisdom and guidance can be accessed through the inner senses in ecstatic trance. We can engage the blueprint of our soul path through the vehicle of journeying. Shamanic journeying is a time tested medium for individual self realization. We can journey within to access wisdom and energies that can help awaken our soul, calling and restore us to wholeness. It heightens our sense of mission and purpose, empowering our personal evolution. I invite you to journey with me into the inner realms of consciousness.
