The most innovative aspects of the CHECL are its emphasis on critical discussion its explicit evaluation of the state of the art in each sub discipline and the inclusion of empirical case studies. While each chapter includes a broad survey of previous research the primary focus is on a detailed description of the most important corpus based studies in this area with discussion of what those studies found and why they are important. Each chapter also includes a critical discussion of the corpus based methods employed for research in this area as well as an explicit summary of new findings and discoveries.
