Disha Experts, 2019-10-21 **The Geography of Central Asia** Igor Jelen, Angelija Bučienė, Francesco Chiavon, Tommaso Silvestri, Katie Louise Forrest, 2021-03-01 This book provides a profound geographical description and analysis of Central Asia. The authors take a synthetic approach in a period of critical transformation in the post-soviet time. The monograph analyzes comprehensively the physical and human geography as well as human-nature interactions of Central Asia with focus on Kazakhstan, Uzbekistan, Turkmenistan, Kyrgyzstan, and Tajikistan. Natural processes are described at a systemic scale focusing on ecological impacts and consequences and contemporary human adaptations and organization. It also discusses in which ways the human organizations try to apply solutions for their needs such as security, territorial management, and resources renewability, material and functional needs, identity, elaborations, culture, and communication. The Geography of Central Asia appeals to scientists and students of regional geography and interested academics from other areas such as social, political, economic, and environmental studies within the context of Central Asia. The book is also a very useful resource for field trips into this area.
