Access 2007 Database Maintenance:

Access 2007: The Missing Manual Matthew MacDonald, 2006-12-29 Compared to industrial strength database products such as Microsoft's SQL Server Access is a breeze to use. It runs on PCs rather than servers and is ideal for small to mid sized businesses and households. But Access is still intimidating to learn. It doesn't help that each new version crammed in yet another set of features so many in fact that even the pros don't know where to find them all. Access 2007 breaks this pattern with some of the most dramatic changes users have seen since Office 95. Most obvious is the thoroughly redesigned user interface with its tabbed toolbar or Ribbon that makes features easy to locate and use. The features list also includes several long awaited changes. One thing that hasn't improved is Microsoft's documentation. To learn the ins and outs of all the features in Access 2007 Microsoft merely offers online help. *Access 2007 The Missing Manual* was written from the ground up for this redesigned application. You will learn how to design complete databases, maintain them, search for valuable nuggets of information and build attractive forms for quick and easy data entry. You'll even delve into the black art of Access programming including macros and Visual Basic and pick up valuable tricks and techniques to automate common tasks even if you've never touched a line of code before. You will also learn all about the new prebuilt databases you can customize to fit your needs and how the new complex data feature will simplify your life. With plenty of downloadable examples this objective and witty book will turn an Access neophyte into a true master. **Access 2007 Workbook For Dummies** Joseph C.

Stockman, 2007-12-10 Do you wish Access was more accessible? Do you wonder what to do with databases in the first place? If you've just been letting Access sit there as an anonymous icon on the Ribbon, *Access 2007 Workbook For Dummies* can open up new worlds for you. The coolest thing about this friendly, easy to follow workbook is that you'll actually create a database that you can use to organize your own home media collection if you like. In the process you discover how to build a database from the ground up and some of the ways a database can be helpful even if you're not a business mogul or an accountant. Using a problem solution approach *Access 2007 Workbook For Dummies* gives you plenty of chances to practice each step so you gain confidence along with information. You'll discover how to Set up Access and use database fundamentals. Create a home media database from start to finish. Build tables, relationships, forms and reports. Use select and action queries. View and manipulate data. Edit and build simple macros and use them to automate navigation. Arrange controls on a form. Build a user interface to add, edit and update data. Track every aspect of the media collection including. The bonus CD ROM includes separate database files for each exercise and a video that walks you through each step of the more complex procedures. In no time you'll find Access is no longer unapproachable. Note: CD ROM, DVD and other supplementary materials are not included as part of eBook file. **Microsoft Office Access 2007** Kenneth Hess, 2007-04-30 Master the tools that help you keep track of information like Access 2007. Whether you're an office professional or entrepreneur you can take charge of Access with this start to finish guide. Gain solid skills as you go from station to station in a series of clear cut tutorials on designing
