Access To Justice Final Report:

Access to Justice Sir Harry Woolf, 1995 **Access to Justice** , 1996 *Middle Income Access to Justice* M. Trebilcock, Anthony Duggan, Lorne Sossin, 2012-05-03 Though most conceptions of the rule of law assume equality before the law and hence equal access to the justice system this basic right is not being met for many low and middle income Canadians This book focuses on the problem of civil access to justice for middle income earners those whose household income is high enough to disqualify them from legal aid but not high enough to cover the costs of litigation Featuring contributions by leading Canadian and international scholars practitioners and members of the judiciary this multidisciplinary collection draws on scholarship in the fields of law social science and public policy There is a particular emphasis on family law consumer law and employment law as these are the areas where research has indicated that unmet legal needs are highest Middle Income Access to Justice presents a variety of innovative solutions from dispute resolution process reforms to the development of non lawyer forms of assistance and new methods for funding legal expenses In doing so it lays the foundation for the development of a much needed new delivery model to provide early intervention for legal services Mediation and Justice Penelope McRedmond, 2024-07-22 This book asks why justice is important to both individuals and to society as a whole A number of justice questions are raised to evaluate whether mediation can deliver social distributive procedural or substantive justice and fairness Focussing on a scrutiny of mediation in the context of justice the book covers social justice and justice issues posed by confidentiality bias lack of fairness and Online Dispute Resolution Discussing whether mediation can truly deliver justice to all this book identifies areas where this fails and provides solutions and suggestions for improvement The dangers of private justice bias mandatory mediation and the side lining of the importance of fairness in the resolution of disputes are all considered In contrast the positive aspects of mediation are added to the balance This book will be of interest to researchers in the field of conflict resolution law and social science Readers will also be found among mediators and people interested in justice and the civil justice system Foundations of Civil Justice Fabien Gélinas, Clément Camion, Karine Bates, Siena Anstis, Catherine Piché, Mariko Khan, Emily Grant, 2015-06-26 This book reviews the knowledge corpus about access to civil justice across disciplines and legal traditions and proposes a new research framework for civil justice reform This framework is intended to foster further critical analysis of the justice system in a systematic and organized way In particular the framework underlines the tensions between different values considered as central to the civil justice system and in doing so potentially allows for conscious reflected and enlightened choices about the values that are to be prioritized in the reform of justice systems **General Reports of the XIXth Congress of the International Academy of Comparative Law Rapports Généraux du XIXème Congrès de l'Académie Internationale de Droit Comparé** Martin Schauer, Bea Verschraegen, 2017-06-01 This book deals with convergences of legal doctrine despite jurisdictional cultural and political barriers and of divergences due to such barriers examining topics that are of vital

importance to contemporary legal scholars Written by leading scholars from more than twenty countries its thirty two chapters present a comparative analysis of cutting edge legal topics of the 21st century While each of the countries covered stands alone as a sovereign state in a technologically advanced world their disparate systems nonetheless show comparable strategies in dealing with complex legal issues The book is a critical addition to the library of any scholar hoping to keep abreast of the major trends in contemporary law It covers a vast area of topics that are dealt with from a comparative point of view and represents the current state of law in each area

The Judicial Assessment of Expert Evidence

Déirdre Dwyer,2008-12-18 Deirdre Dwyer examines how a court can decide when to accept an expert s opinion focusing on English civil justice

The Susskind Interviews Richard E. Susskind,2005 Presenting a series of interviews with leading figures in the UK legal world conducted by Richard Susskind this work gives insight into their thinking about recent legal developments and the future shape of the legal system

Towards a Just Society Alastair Hudson,1999-10-01 This work analyzes the weaknesses in the established political approaches to reform of the provision of justice judging them as being either too overtly concerned with inappropriate free market structures or too wedded to legal procedural rules It argues that the most efficient solution is an adapted version of legal aid as a kind of welfare state benefit and more integrated public services aimed at providing justice for the citizen

Litigation Wilfrid R. Prest,Sharyn L. Roach Anleu,2004 Litigation does not have a good press in fact it is usually viewed very negatively Rates of litigation in Western countries are claimed to be spiralling beyond control and this is said to indicate a fundamental crisis in contemporary Western societies Litigation Past and Present sheds some much needed light on these views by examining actual patterns of litigation both historical and contemporary and considering the many ways in which courts provide strategies for social change and social justice Topics surveyed include the long range recording of litigation rates the social uses of legal action the effectiveness of procedural reforms in reducing litigation and the impact of legal proceedings and activism on Indigenous rights and on marriage and family issues Litigation and its impact are too often discussed in excessively rhetorical and pragmatic terms This volume with contributions from internationally recognised scholars adds much needed empirical research and theoretical perspectives to the discussion
